

## BONUS PAYMENT FORCES PONDER NEW PROCEDURE

### Leaders Pause to Get Their Breath Before Renewing Fight

Washington, May 24—(AP)—Cash bonus forces, somewhat discouraged and disorganized by the size of the senate vote sustaining President Roosevelt's veto of the Patman bill, counted upon their strong majorities in both houses of congress today for eventual victory.

The decisive defeat of the Patman bill, even by a minority vote, took the wind out of the bonus movement, temporarily at least. Several new proposals were advanced immediately, but the leaders waited to get their breath before plunging into a new drive.

Confident predictions were issued by the veterans' chiefs, forecasting that the bonus would be paid, but there was a noticeable drop in enthusiasm among legislators over the prospects for achieving it at this session of congress.

#### Must Accept Compromise

Several senators, both for and against the bonus, took the view that the senate vote yesterday sustaining the president killed the prospects for full cash payment this session. The 54 to 40 vote in favor of the Patman new currency bill fell 9 votes short of the two-thirds necessary to override a veto. Several senators predicted there would be no bonus legislation this session unless the veterans' forces were willing to accept something like the Harrison compromise.

On the other hand, the Patmanite forces pointed out that even in the face of Roosevelt's unprecedented personal appearance against the bill it had mustered a majority of 14 votes in the senate and a vote of more than 3 to 1 in the house, and contended that such majorities could not be blocked for long.

#### Delays New Plan

In view of divided opinions within the bonus camp over strategy, Senator Clark (D-Mo.), virtually decided not to press for action on his attempt to attach to the pending navy bill a rider calling for cash payment. He indicated, however, that he would offer his plan later in the session. It would permit the president to finance the bonus by borrowing, by using work relief money or by issuing new money.

The defeat in the senate left the bonus forces in conflict. One group wanted to start all over again by the Vinson bill for full cash payment on the theory it could be passed over a presidential veto. This bill would leave the method of financing to the government. But many of the bonus leaders were as much interested in the monetary issue as the bonus question and wanted to push the Patman bill again.

## PRESBYTERIANS REFUSE CENSURE GEN. ASSEMBLY

Cincinnati, May 24—(AP)—A fundamentalist leader sought unsuccessfully today to have the General Assembly of the Presbyterian church in the U. S. A. censure the Office of the General Assembly for what he called dissemination of partisan literature.

The Rev. Carl McIntyre, Collinswood, N. J., offered a motion to that effect from the floor of the assembly, but Dr. Joseph A. Vance of Detroit, newly-elected moderator ruled it out of order. A paper especially questioned, the moderator said, was issued by the General Council of the church, and not by the office of the Assembly.

Mr. McIntyre and two other commissioners—the Revs. H. McAllister Griffiths and Merrill T. MacPherson, of Philadelphia—were challenged at the opening of the assembly sessions yesterday. Their credentials were referred to the committee of policy but the assembly meantime granted them the privileges of the floor which the challenge ordinarily would have denied.

The three are adherents of Dr. J. Gresham Machen, fundamentalist who has charged the church board of foreign missions with modernist tendencies. Their credentials were challenged on the ground they have not complied with a mandate of the 1934 assembly ordering dissolution of an independent foreign mission board Dr. Machen created.

#### BABY KILLED BY CAR

Alton, Ill., May 24—(AP)—Harry Kaufmann, son of Mr. and Mrs. Harry Kaufmann, was run over and killed by a street car here today in front of his home.

The child had been put in the yard to play by his mother and apparently ran into the street. The motorman, Phil Thomas, said he did not see the baby. The elder Kaufmann is a glass factory employee.

## His Intention O. K.

Kansas City, May 24—(AP)—Robert J. Noonan, safe cracker, said he would commit suicide before going to trial. He swallowed virtually all the metal in his cell but the iron bars and still is alive.

An x-ray examination showed he had swallowed hairpins, metal from his garters, a handle from a cup, a razor blade and other pieces—about 20 in all. His repeat also included several electric light bulbs.

## FORMER MRS. W. H. VANDERBILT TAKES OWN LIFE

### Found With Bullet in Her Head at Latest Husband's Ranch

Las Vegas, N. M., May 24—(AP)—Mrs. Emily Whitfield, a former wife of William H. Vanderbilt, who recently sued for a divorce from Raoul Whitfield, the author, was found dead of a bullet wound today at the Whitfield's ranch, Deer Horse, about 25 miles from here.

Mrs. Whitfield's body, a bullet wound through her heart, was found by a ranch employee, Esquiel Segura, who went into the house to start fires about 7:30 A. M.

Sheriff Francisco Delgado of San Miguel county, who went to the ranch to investigate, said Mrs. Whitfield apparently had taken her own life, and that the fatal shot had been fired about midnight.

Sheriff Delgado said Victor Chervet, manager of the ranch, who was sleeping two doors from Mrs. Whitfield's bedroom, said he did not hear any shot, and that he knew nothing of her death until he was awakened by Segura.

Mrs. Whitfield returned here last week from New York City.

A divorce action filed by her against Whitfield February 21 is pending in the San Miguel county district court where it was transferred from Santa Fe county several months ago. Whitfield is reported to be in Hollywood.

Mrs. Whitfield is survived by a nine-year-old daughter, born during her marriage to Vanderbilt. Following her divorce from Vanderbilt Mrs. Whitfield was married to Signorette Thayer, New York theatrical producer. This also ended in divorce.

Mrs. Whitfield was a daughter of Mrs. Horace Chase Stebbins.

## Limited Relief Can Be Continued Thru Sunday

Indications today were that the limited relief program in Lee county could continue through Sunday, after which it will be necessary to prevent an interruption of the present program. County Administrator W. C. VanLaningham stated that the federal food distribution was confined largely to canned meats at the present time, with the issuance of limited grocery orders which may continue through Sunday. Beginning the first of next week, he indicated that additional funds will be necessary to prevent an interruption.

## Business Trend During Week Reported Higher

New York, May 24—(AP)—A higher trend to trade this week was noted today in the weekly review issued by Dun & Bradstreet.

"Although not stimulating to any marked degree because variations were more outstanding than a definite trend, the reports on trade developments this week revealed the advantage on the upside," it was reported.

"Industrial activity recovered somewhat from the average of the week preceding, but distribution at both retail and wholesale continued to be hampered by adverse weather conditions."

## ROLLING GRAVEL ACCIDENT CAUSE

### Three Injured When Auto Turned Over North of Walnut Last Night

Edward James of this city, James McGovern of Sublette and Miss Roseanna Friel of Dixon, were injured in an automobile accident at an early hour this morning when the former's car skidded on loose gravel and turned over on the gravel road north of Walnut, as they were returning to Dixon. Coming north out of Walnut and approaching the curve, Mr. James turned out to avoid striking a southbound car.

In so doing his machine skidded in the gravel and turned over several times. Miss Friel sustained a deep scalp injury and McGovern was believed to have suffered a fracture of the pelvic bone. The driver escaped with minor cuts and bruises. All were taken to Walnut where they received first aid and were then removed to the Katherine Shaw Bethe hospital in this city.

Mr. James was able to leave the hospital this morning but Miss Friel and McGovern remained. The latter will submit to an x-ray examination today to determine the extent of his injuries. The car, which was badly damaged was hauled to a Walnut garage. All were returning to Dixon from attending a dance in Ohio last evening.

Horace Rubright, 40, of Sterling suffered a multiple fracture of the jaw, concussion of the brain and several broken ribs shortly after 5 o'clock last evening when the truck he was driving collided with one driven by E. L. Anderson of Oskaloosa, Ia., at the corner of 14th avenue and E. Fourth street, in Sterling.

The impact sent one of the trucks into the side of an automobile owned by Leo Apple which had been parked in front of the Apple home. Apple's car was badly damaged.

Following the accident traffic was routed from 4th street to 5th street a block from the scene of the crash. On 5th street a short time after the trucks collided, automobiles driven by Richard Elliott, La Porte City, Ia., and Richard Ebersole, Sterling, crashed but neither was injured.

Rubright is employed by Tom McCue, Sterling township highway commissioner.

## ITALY IS READY FOR ANY TRIAL IL DUCE STATES

Rome, May 24—(AP)—Premier Benito Mussolini told masses thousands of soldiers and civilians today:

"Italy now is ready for any trial."

His declaration came in the course of observance of the twentieth anniversary of Italy's entrance into the World War, a ceremony which included the presenting of battle flags to regiments which replace units assigned to East Africa.

His listeners packed Venezia Square, in front of his office. They heard him say:

"The words of an unknown Italian soldier scrawled on the wall of a house demolished by a shell. 'It is better to live one day as a lion than 100 days as a lamb,' are not merely an order—they are gospel for us."

"We swear to respect this sacred injunction everywhere and in spite of anyone."

He added:

"Let no one in Italy or abroad delude themselves. Italy will consider carefully before arriving at a decision, but when the decision is reached, then she will go forward without any turning back x x x."

"It is necessary, once we have started, to burn our ships and guide ourselves along the road of destiny with a firm hand."

## Fifty More Lee County Single Men Can Enroll in Conservation Corps

Notice has been received at the Lee county emergency relief headquarters in this city, of the enrollment of a group of young men to enter CCC camps in July. Applications will be received after June 1, the enrollment to start June 15 and to be completed by July 15.

Lee county's quota has been increased to provide a group of about 50 who will be entered, the applicants being members of families who are at present relief clients or classified as needy. Single men only will be considered.

A new ruling provides that applicants between the ages of 18 and 28 will be considered to compose this group, whereas in the past the maximum age has been 25 years. Another rule provides that any who have served a minimum of five months, with honorable discharge and not more than 13 months, may apply by presenting their discharge papers. Young men throughout the county are eligible to enroll in this group.

## VAN LANINGHAM RESIGNS AS CO. ADMINISTRATOR

### Efficient Relief Official to Manage Ottawa Hospital

County Relief Administrator W. C. Van Laningham has tendered his resignation to the members of the Lee County Relief Committee to take effect June 8, when he will take a short vacation, after which he will enter upon his new duties as general manager of the Ottawa, Ill., general hospital at Ottawa, where Mrs. Van Laningham has been receiving treatment since last December.

Mr. Van Laningham came to Dixon from Chicago last July to take over the duties as general relief administrator of Lee county. He reorganized the county headquarters and has been very successful in his work. In his dealings with relief clients he has been very considerate and his administration has given extreme satisfaction. All who know him will regret to learn of his leaving Dixon and Lee county, but join in wishing him every success in his new field.

Discussing his departure from Lee county this morning Mr. Van Laningham said:

"During my stay of almost eleven months in Dixon I have received only the finest cooperation from the officials and citizens of Lee county. The work has been most pleasant and I regret leaving this fine community."

He expects to move his household effects from Dixon to Ottawa, the latter part of next week and upon the completion of his duties, will enjoy a well deserved but short vacation.

## NAVAL TRAINING STATION GREAT LAKES REOPENED

Washington, May 24—(AP)—The navy department announced today that 160 men, ranging from chief petty officers down, had been ordered to report to the Great Lakes naval training station at Waukegan, Ill., July 1.

These men, it was said in naval circles, would be charged with training approximately 250 raw recruits who arrive each month during the next year.

It was said that the 160 men were now on furlough duty and would not arrive at Great Lakes until June 10. This move, it was said, would bring the Great Lakes training station, closed since 1933, up to the standard of San Diego, Hampton Roads and Newport training stations.

The men will be charged with training recruits for three months, after which the recruits will be sent to sea duty.

Under normal circumstances, approximately 750 recruits will be stationed at Great Lakes, it was said. This, it was explained, was in anticipation of the present appropriations bill now pending before the Senate.

## Shelton Gangster is Convicted of Assault

East St. Louis, Ill., May 24—(AP)—Ray Walker, 31-year-old Shelton gangster was found guilty of the charge of assaulting two government officers today in the federal court here of Judge Fred L. Wham.

Walker is free on a \$30,000 bond until 1:30 o'clock this afternoon when Judge Wham will rule on a motion for a new trial. The maximum penalty that can be assessed Walker is a 10-year sentence. Harold Bandy, Walker's attorney, was undecided whether to appeal the case in the event his motion is denied.

The case went to the jury last night. Walker did not testify and there was no testimony in his behalf. C. E. Watters and E. F. Lemons, Springfield, investigators for the tax unit of the internal revenue department, testified that Walker and several other men "acked and beat them in a tavern at Colp. Ill. last June."

Monroe "Blackie" Ames, associate of Walker, is serving a ten-year sentence on a similar charge.

## Bert Stebbins Laid to Rest in Oakwood

The remains of Bert Stebbins, former resident of Dixon, were brought from Rockford at 12:30 this noon for interment in the family lot in Oakwood cemetery. Rev. Walter W. Marshall, pastor of the First Baptist church, conducted a brief service at the grave.

Mr. Stebbins, a brother-in-law of Will Scholl of this city, died suddenly at his home in Rockford Wednesday afternoon. His wife and son Jerome left the home about 4 o'clock in the afternoon to visit relatives and upon their return about an hour later, found him dead in bed. He had been in failing health for the past several months. He was employed for several years in the Borden condenser during his residence in Dixon, and was about 60 years of age at the time of his sudden passing.

## NRA Un-American

Palo Alto, Calif., May 24—(AP)—Former President Herbert Hoover today characterized as "not American" use of the boycott to enforce the NRA.

"American labor," his statement asserted, "will not long stand for price fixing, limitations of output, stifling of competition or any other of the monopolistic and Fascist practices inherent in the NRA. Its enforcement by bureaucratic coercion, intimidation and boycott are not American."

Mr. Hoover's statement continued:

"If all these things are liberal and progressive, we need some new definitions of these terms."

"The purpose of the act so far as it abolishes sweating through maximum wages and hours, and so far as it abolishes child labor are right."

"But they should be accomplished by other than Fascist methods if they are to be truly liberal and progressive."

## TVA EXTENSION BILL IS TABLED

### House Committee Turned Down Plea Asking More Powers

Washington, May 24—(AP)—The House military committee today tabled by a vote of 13 to 12 legislation to enlarge the operations of the Tennessee Valley Authority.

The committee acted after J. R. McCarl, Comptroller General, had told it an abstract of an audit of TVA affairs, prepared at the direction of Rep. May (D. Ky.) was substantially correct and showed "no intention to mislead." The original audit was made by McCarl's office.

All seven Republican members of the committee and six Democrats were reported to have voted to lay the legislation aside. It already has been approved by the Senate.

May Revis Measure

Chairman McSwain (D. S. C.), obviously crestfallen at the action, said it would not necessarily kill the measure for this session, as some committee could move to reconsider the vote to table, or a new bill could be introduced.

"We are going to get this legislation out," asserted Representative Maverick (D-Tex.).

Opponents of the measure have seized on the audit as indicating irregularities and illegal expenditures on the administration's huge power "yardstick" in the Tennessee river basin.

Denying any illegalities, Arthur E. Morgan, TVA chairman, has told the committee the audit disclosed a lack of complete investigation of facts. Both he and McCarl have predicted that all differences of opinion would be straightened out in a forthcoming conference over the audit.

## STATE WARD IS SOUGHT: THREE CARS BORROWED

Police of Dixon, DeKalb and Geneva were today conducting a search in Chicago for a 15-year-old Dixon state hospital patient to be questioned in connection with the theft of three automobiles since 12:30 last night one in each of the three cities. Last January the patient, who was committed to the local institution a few days after his arrival and on the same night a car belonging to Arthur Nelson was stolen. It was recovered a few days later abandoned on the south side streets of Chicago.

Last night the same patient escaped from the jail ward at the local institution and about 12:30, George Rumpf, 1008 E. Chamberlain street, reported the loss of his automobile. Another car parked in front of the Rumpf home had been ransacked and the keys taken. Chief Van Bibber notified several surrounding cities and an hour later received word that the Dixon car had been found in DeKalb. Another car belonging to a DeKalb citizen had been stolen.

About 2:30 this morning the Geneva police reported the loss of a car from that city and the finding of the DeKalb car.

## Seven Tons of Relief Seed Received in Co.

Seven tons of seeds to be planted in Lee county subsistence gardens were received at the Lee county relief administration headquarters yesterday afternoon. County Garden Supervisor R. C. Bovey this morning started the distribution of the seeds to those who have made application to be completed as quickly as possible. Several applicants have been notified to call at the headquarters to receive their supplies of the seeds. The shipment contained seed potatoes, beans, beets, spinach, onions, carrots and many other general garden seeds.

## NRA EXTENSION 21 MONTHS PLAN

### Agreement Reached During Conference at Executive Mansion

Washington, May 24—(AP)—President Roosevelt and House and Senate leaders agreed tentatively today on a 21-month extension of NRA and giving the recovery agency jurisdiction over business "substantially affecting" interstate commerce.

They reached that understanding at a White House conference even as William Green, president of the American Federation of Labor, was insisting before the House Ways and Means committee upon a two-year extension and describing as "shortsighted, reactionary and anti-social" those who opposed that.

He said nationwide strikes would result if NRA were not continued at least two years.

Ready to testify later in the day along the same lines was General Hugh S. Johnson, first boss of the blue eagle.

#### Extension Paramount

The White House conferees were Senators Robinson of Arkansas, Democratic leader; Harrison of Mississippi, chairman of the finance committee; Speaker Byrns and Representative Doughton (D-N. C. chairman of the House Ways and Means committee.

It was reported by a conferee who declined to let his name be used that if necessary everything but a 21-month extension would be discarded in order to get the legislation through by June 16, the day the recovery act expires.

It could be followed, he explained, by subsequent legislation embodying the other things which the President deemed necessary.

## HORNER TO SEE HOPKINS TODAY AND ASK RELIEF

Cleveland, May 24—(AP)—Federal Relief Administrator Harry L. Hopkins announced today that \$5,000,000 of federal funds would be released immediately to end the relief crisis in Illinois.

Cleveland, May 24—(AP)—Federal Relief Administrator Harry L. Hopkins came here today to address the citizens league today, but his trip rapidly took on greater significance.

From Springfield, Ill., came Gov. Henry Horner, hoping to secure federal funds to relieve an acute relief situation in his state.

At Columbus, O., the relief administrator's visit to Cleveland was regarded by some as a more cordial relations between Hopkins and Governor Davey who recently withdrew relief charges he had filed against the relief head.

Governor Horner is expected to confer with Hopkins late today. Horner, before leaving Springfield, signed a bill raising the Illinois sales tax from two to three per cent. The bill is expected to provide \$3,000,000 monthly for relief, after July 1, but federal funds are needed for an immediate emergency.

## Annual Exercises Sugar Grove Church

The orator of the day at the Sugar Grove memorial services to be held at the Sugar Grove church at 2:30 Sunday afternoon will be Prof. Aretas Wilbur Nolan, associate professor of agricultural education and director of Smith-Hughes agricultural teachers training at the University of Illinois, where he has been for 20 years. He was a graduate of Indiana University in 1905, after which he took post graduate work at Columbia, the University of Virginia and the University of Illinois. He is well known as an orator of ability with an interesting message. The invocation will be delivered by Rev. W. W. Marshall and Misses Marcella and Leota Rutt, accompanied by Mrs. Wesley Rutt, will sing "The Home Road" by Carpenter and the barcarolle from the "Tales of Hoffman."

## Inspector Commends Dixon Nat'l. Guard

Captain W. S. Wood, U. S. A. of Carbondale, graduate of West Point and inspector assigned to the Illinois National Guard, conducted the annual federal inspection of Co. A, 129th infantry yesterday afternoon and evening. During the afternoon Captain Wood inspected the complete equipment of the company and conferred with the officers. Last evening the full company inspection was held at the Armory hall.

Captain Sherwood Dixon, his associate officers and members of the company were highly commended by the inspecting officer at the close of the inspection last evening. He praised the officers of the local company for the fine condition in which he found the equipment and records at the close of his inspection.

## Register Complaint

Topeka, Kas., May 24—(AP)—A woman called at the Shawnee county relief headquarters to complain about the amount of money and supplies given her family.

"We just can't get along on what we're getting," she told a case worker. "My husband and I have talked it over and he said if we didn't get more, he was going out and try to find a job."

## NAVAL PATROL'S MANEUVERS OVER PACIFIC AT END

### Big Squadron Returning to Honolulu After Long Flight

Aboard Battleship Pennsylvania enroute to Hawaii, May 24—(AP)—Forty naval patrol planes of an epochal Pacific flight toward Hawaii today on a return trip from Midway Island, where tragedy overtook the huge armada in a crash that killed six fliers.

The huge squadron was expected to land in Pearl Harbor tonight after the two-day 1,200 mile flight, broken by an overnight stop at French Frigate Shoal, 500 miles west of Honolulu.

The return will complete unprecedented mid-Pacific operations of naval aircraft, marking the first transit to Midway and return of any planes and aggregate thousands of miles of flying by the huge patrol craft in their 16 days away from Pearl Harbor.

The flight back to Hawaii was ordered after fruitless search for victims of the 6PT which crashed into the sea during battle maneuvers Tuesday night while circling over a sister ship which had been forced down. A destroyer later took the disabled plane in tow.

Their deaths brought to eight the fatalities that have occurred during the fleet extensive 1935 maneuvers. One of the other victims also died in an airplane crash as he took off from the aircraft carrier Saratoga. A gunner's mate was killed in a collision between the destroyers Lea and Sicard.

## Students' Strike of No Effect on Grades

Madison, Ill., May 24—(AP)—Members of the school board and citizens of Madison will hold a mass meeting here tonight to discuss the dismissal of Superintendent E. W. Heob which resulted in a student strike May 14.

A citizens' committee yesterday asked reinstatement of the superintendent. Dr. R. A. Marshall, board president, took no action, and called the meeting instead. It was his vote that broke the tie and resulted in Heob's dismissal.

The high school students are still on strike. The 35 members of the senior class were notified yesterday by the state Department of Education that regardless of the strike, they could take their final examinations today at the high school under supervision of the state department. This will enable those who pass to be graduated at the end of next week as scheduled. The state department said the strike would have no effect on the academic standing of the students involved.

## Decatur Baptists Vote Withdrawal from North Convention Last Night

Decatur, Ill., May 24—(AP)—Members of the Riverside Baptist church have decided by resolution to withdraw from the Northern Baptist convention because of what they described as the growth of "Communism and modernism."

Unanimously supporting their pastor, the Rev. E. C. Shute, 100 members of the congregation last night cast their votes to withdraw from the convention. By their action they automatically became affiliated with the general association of regular Baptist churches, a group that is made up of units which have withdrawn from the Baptist conventions as a result of differences over changes authorized by convention acts.

#### CAR-LOADINGS REPORT

Washington, May 24—(AP)—The Association of American Railroads announced today that loadings of revenue freight for the week ended May 18 year were 583,327 cars, an increase of 8,142 above the preceding week, a reduction of 29,004 below 1934 and an increase of 47,608 above the corresponding week in 1933.

Your evening Telegraph carrier boy will call upon you tomorrow for the regular weekly collection. Be kind enough to have the money ready. There are 35 carriers who must cover their routes in haste. Please assist them.

## WALGREEN GAVE DOCUMENTARY EVIDENCE ON U. C.

### Senatorial Investigation of University Resumed This Morning

Chicago, May 24—(AP)—Charles R. Walgreen's attorney charged before a state senate investigating committee today that "certain persons" on the University of Chicago faculty "are connected with the Communist party."

In support, the attorney, Joseph L. Fleming, read the senators four newspaper clippings and a handbill. They mentioned two university teachers—Professor Robert Mores Lovett of the English department, and Prof. Frederick L. Schuman of the political science staff.

Walgreen, millionaire proprietor of a national chain of drug stores, had promised to produce "much new evidence" at today's hearing. It was the second by the special committee since Walgreen withdrew his 18-year-old niece, Lucille Norton of Seattle, from the university.

"Walgreen Exhibit No. 1," at today's hearing was a clipping from the Daily Maroon, student newspaper published on the campus. Fleming read a headline of April 15, 1932, which said:

"Communism Comes to the Campus—Form Chapter of National Student Communist League—Lovett and Schuman Interested."

The drug store magnate's niece was to have been the principal witness of the day's hearing, but attorney Fleming demanded that the committee first read his "documentary evidence." He said it would wind up Walgreen's charges against the institution.

Another of Walgreen's exhibits was a copy of "The Daily Worker," Communist newspaper, from which he read a headline printed during the 1932 presidential campaign. It said "artists and educators" were supporting the Communist candidate, William Z. Foster, and listed Prof. Schuman along with the late Lincoln Steffens, journalist and two famous novelists—Theodore Dreiser and Sherwood Anderson.

A third exhibit Fleming handed the senators was a handbill announcing a banquet on Chicago's south side in honor of James W. Ford, the Communist ticket's Negro candidate for Vice President in 1932. Among sponsors, the handbill mentioned Prof. Schuman.

"The committee of five members headed by Senator Richey V. Graham of Cicero was created after Walgreen had withdrawn his niece from the university on the ground that she had been subjected there to Communist ideas and had heard Prof. Schuman speak favorably of 'free love.'"

Today the university's spokesman, James H. Douglas, a trustee, offered to produce Schuman as the day's first "witness," but Fleming declared:

"We haven't begun yet to show evidence about Prof. Schuman's activities."

## SOVIET RUSSIA SEEKING TRADE PACT WITH U. S.

Washington, May 24—(AP)—Steps apparently aimed at an eventual trade agreement between the United States and Soviet Russia, notwithstanding the collapse of negotiations for a settlement of the Bolshevik debt to this country were taken today by Ambassador Trotskyanovskiy in a conversation with State Department officials.

After talking an hour with R. Walton Moore, Assistant Secretary of State, and Robert F. Kelly, chief of the eastern European division, the ambassador told newspapermen he hoped the discussion marked the beginning of a new and profitable era in imports and exports between the two countries.

The conference, he said, did not progress far enough to be designated as preliminary negotiations leading to conclusion of a trade agreement between the two countries, but, he indicated, that was the eventual goal.

VANDALISM BY  
STRIKERS WILL  
BE GIVEN JURY

Belleville, Ill., May 24.—(AP)—With negotiations toward ending the power strike started at Springfield, State's Attorney George Zerweck of St. Clair county has asked that testimony concerning strike violence be given here before the grand jury.

Zerweck invited John H. Mitchell, manager of the southern group of the Illinois Power & Light Corporation, whose union electrical workers are on strike, to appear when the grand jury meets in July.

Mitchell, in a letter to Zerweck, had cited 11 acts of alleged vandalism which he charged caused damage and inconvenience to the company.

A conference attended by representatives of the company, the International Brotherhood of Electrical Workers and the Utility Operators' Association began yesterday at Springfield. The latter organization has a contract to furnish labor to the company in its central Illinois territory.

Allen Van Wyck, vice president of Power & Light, said negotiations would probably require several days.

On Wednesday thirty-two members and four visitors and three children were delightfully entertained at the lovely home of Mrs. Leon Hart and Mrs. Clara Goodrich in the meeting of the Palmyra Mutual Aid Society.

The president called the meeting to order and all joined in singing "At The Cross," which was followed by the Lord's Prayer. The reports of the secretary and treasurer were approved. The members agreed to hold the annual picnic at Lowell Park June 12th. The nominating committee reported their nominations for the annual election of officers and the following officers were elected:

President: Mrs. Maud Lawton.  
Vice president: Mrs. Clarence Lenox.  
Secretary: Mrs. Elsie Swarts.  
Treasurer: Mrs. Oscar Buhler.

Roll call and collection were taken and Miss Avis Beede took charge of the recreation, presenting several interesting contests. Miss Valoris Williams won the first game and Mrs. Arthur Dodd the second game. All too soon came the time to depart and all thanked the hostess for a very pleasant day, planning to meet again June 12th at Lowell Park.

### ON THE SLV

By Joseph Fort Newton

"L" ET your charitable gifts be anonymous," said Dumas. "They will have the double advantage of suppressing at once ingratitude and vanity."

Years ago a gruff old man lived in our town. He was a good neighbor, but he seemed sour, surly, and almost rude at times. He barked out his words, and some people were half afraid that he might bite.

But it was all a big bluff. Even at his rudest one saw a twinkle of fun in his eye, as if he were playing a game. And so he was, but it took a long time to find him out and catch him at his tricks.

Every so often a lovely thing would be done, and no one knew who did it. If a family had no fuel a ton of coal would be delivered, and nobody had any idea who sent it. It was all a hidden mystery.

One family had a long siege of sickness which it could ill afford, and when they went to pay the doctor they learned that the bill had been paid. The doctor, if he knew who did it, refused to tell.

After a while, in spite of his cunning, my neighbor became an object of suspicion, to his utter dismay. He denied being guilty of such goodness, and joined in the search to find out who it was.

Not until he passed away did we actually know his game, and even then we never found out half the sly, gracious, beautiful things he had done, so adept had he become in carefully covering his tracks.

My old friend had learned that one of the purest joys of life is to do good by stealth. To be gener-

ous and get thanks for it is well enough, but there is a finer flavor in a good deed done on the sly.

What secret treasure that old man had—like an Eastern king with an underground chamber where he gloats over his gold, thrusting his hand into bags of gems and letting them trickle through his fingers.

"Let thine alms be in secret," said Jesus, who loved to play the same divine game. "See thou tell no man." He said as he healed a poor leper and sent him away happy. But the man could not keep it secret.

Who says the world has more evil than good in it!

Nine Units at Advisory Council H. B.

Advisory council meeting was held at the city hall in Amboy on Tuesday, May 21st, with nine units of the Home Bureau represented.

Mrs. Carl Ackert, chairman of the Home Bureau, called the meeting to order. Minutes were read and approved.

The meeting was then given in charge of Miss Chase of the University of Illinois who gave a report of the programs desired by each unit and after much discussion, the program for the year 1935-36 was outlined, to be submitted later.

Plans for "Summer Roundup," P. T. A., Almost Complete

The plans of the Dixon Parent Teachers Association for the summer round-up of pre-school children are almost complete. The examination of these children is to take place on Tuesday and Wednesday, the fourth and fifth of June. A vacant store in the downtown district has been kindly donated for the use of this worthy project and the Illinois State Board of Health have sent a supply of their various pamphlets to be distributed among the parents, giving them first hand information from a reliable source on the benefits to be derived from a campaign of this type. A group of registered nurses have volunteered to help the physicians and dentists of Dixon in making these examinations which will be as complete as it is possible to make them. A record will be made of each child and this record will include a suggestion to each of the parents for a proper correction of any physical defect that may be found.

Those who wish to have their children immunized against some of the preventable diseases can have this treatment given at the same time. This matter of child welfare is a very important one and unfortunately this is one of the few things in which Dixon has not kept up to the standards of other communities in our state. There are over 250 children in Dixon who are in the pre-school age, that is, they will either enter kindergarten or school next fall, and they should be given a thorough physical examination, and if possible, have all physical defects corrected, at least two months before they enter school.

The Parent Teachers Association have divided the work up into a number of committees, each of which have a considerable bearing upon the ultimate success of this round-up, and it is sincerely hoped that this year this portion of the children of Dixon will receive the same kind of attention that is given to children throughout our state and most of the United States. The parents of all children who will enter either kindergarten or grammar school will be asked to cooperate fully with this very essential health measure.

Entertains South Dixon Com. Club

On Wednesday afternoon the South Dixon Community Club met at the home of Mrs. Walter Ortigsen with a perfect attendance of members and several visitors.

The meeting was opened with song, followed by roll call, the treasurer's report and minutes of the previous meeting and some important business. The meeting was closed with a song by all. The remainder of the afternoon was spent in playing buncle, with Mrs. Moore and Mrs. Henry receiving high and low favors.

Most delicious refreshments were served by the hostess, assisted by Mr. Siefkin and Mrs. Götzel. After a very pleasant afternoon all departed for their homes, to meet again on the evening of June 12th at the Dan Ortigsen home on the Dutch road.

Princess Ingrid and Crown Prince Frederick Wed Today

Stockholm, May 24—(AP)—In the 13th century church where all kings of the Bernadotte lineage in Sweden have been crowned, Princess Ingrid became the wife today of Crown Prince Frederik of Denmark and Iceland. By the same token she became a future queen.

It was a royal wedding, born of tradition, and executed with pomp and splendor but it had an aura of romance and the glitter of polished swords and burnished boots and the formality of court ritual.

"I Ingrid, take you, Frederik, my lawful husband, to love you through sorrow and pleasure, and as a symbol I accept from you this ring."

With these words and the recital of the other vows of the Swedish marriage service, two people in love were wed—a blue-eyed young woman and a tall, dark-haired, studious, young man.

The wedding service was conducted in the Stockholm pro-Cathedral, known as Storkyrkan, with its restored Gothic architecture and 18th century furnishings.

Guests Came Early

Guests began arriving early—a colorful parade of nobility, high military and naval officers in full parade dress, government leaders and foreign diplomatic representatives in Stockholm. A special guard of soldiers formed a lane to the church doors.

With the guests seated, and with uniformed pages at attention along the aisles, Archbishop Eldem of Sweden, and his assistant priests, entered the church and came slowly forward to a place near the high altar.

Visiting royalty, headed by King Leopold and Queen Astrid of Belgium, then entered through a special door to take their places in the royal pews directly in front of the altar.

Audience Sang Psalm

Crown Prince Frederik, escorted by his father, King Christian of Denmark, and by a special wedding escort including a master of ceremonies, was next to arrive. He entered by a side door of the church.

Princess Ingrid, escorted by her father, Crown Prince Gustaf Adolf of Sweden, then came slowly up the aisle. She walked to the measured beat of swelling organ music, followed by two royal flower girls, the little Princesses Regnhild and Astrid of Norway.

The entire audience, one of the most distinguished ever to gather in Stockholm, joined in the singing of a wedding psalm as Ingrid passed the altar to join the prince.

Followed only by the flower girls and count Gustaf of Wisborg, the royal couple advanced to a position in front of the altar from which Archbishop Eldem read the wedding service.

New Books at Dixon Public Library

Not for Heaven—McClary; Hungry Men—Anderson. These two first novels are bound together, and were winners of the Doubleday Doran contest. In the first the center spot is given Ma Bostwick, early old sinner whose religion was food and an ancient horse. Lesser roles are filled by her prissy daughter, drug-store cowboy son, his Chicago wife, and assorted small-town characters.

"Hungry Men" follows the adventures of Axel Stecker, another of the homeless wanderers who make their way from city to city, for whom there has yet been found no solution.

Man Who Had Everything—Bronfield. Among the things he had were an assured income, two satisfactory children, a mistress who loved him, and a wife who did not clutter up the situation. The result was that he felt like a spoiled child, too bored to have any real feelings about anything, so he goes to France to search for something that happened there when he was a soldier.

Young Renny—de la Roche. This is the first Jalna book. In point of time, for the author tells us the story of Renny, one of the favorite Whiteoak characters, when he was nineteen. Every Jalna fan will have to read this, and if there is anyone who hasn't met the Whiteoaks yet, here is an opportunity to know them from the very beginning.

Dew in April—John Clayton. An historical romance of magnificent scope set against the background of the religious 13th century. It is a tale of piety, superstition, chivalry, cruelty and love. The author has caught completely the roughness of the period, its spiritual and physical brutality, and has skillfully moulded a tender love story.

Dawn of Conscience—Breasted. This latest work of our foremost American Egyptologist. Every page is interesting. It is the work of a profound scholar who knows how to appeal to the ordinary reader, and it deals with one of the most important of all subjects—the rise of the moral sense in man, and the growth of the feeling of social obligation.

Soviet Journey—Fischer. Few commentators of the Soviet scene are as well qualified as Mr. Fisher to write about it. He gets into his book something of that fascination that makes many tourists return to Russia year after year; he makes us follow with him the vital steps of that social and cultural progression wherein the "Bolsheviks" are endeavoring to change the core of life itself.

Camel-Bells of Bagdad—Miller. The charm of this book is largely due to the unique personality of the author, a medical missionary. The narrative is somewhat disjointed, but it colored by eager enjoyment and a very human curiosity about people.

What Shall We Name the Baby—Ames. If there is a domineering aunt to be mollified or a rich uncle to be pleased, this manual will naturally possess only an academic interest, but expectant parents who are free agents should welcome it with open arms. Even if you haven't any christening problems in prospect, you'll enjoy the book, especially its marginal photographs of babies.

Two Plays—Elmer Rice. "Between Two Worlds" and "Not For Children." The first is laid on shipboard and is essentially the story of a clash in ideology between two different, warring worlds—one represented by a wealthy New York girl, the other by a Russian moving picture director, who is returning to his native land after an unsatisfactory sojourn in Hollywood. The second play is a satire on the theatre, and ranges from undisguised burlesque and slapstick comedy to serious philosophical discussion. Elmer Rice is one of the most significant and dynamic of modern dramatists; anything he writes is provocative, and these two plays are no exception.

Black Pit—Maltz. (A play.) The moving tragedy of a modern Judas, set among the men who dig coal out of the earth. Specifically, it is the story of a man who betrays his fellows because of the needs of his wife, and because of his own desperate desire for just a little personal happiness. Upon the basis of this story, the author has reared a powerful picture of the interplay of the individual's internal drama in the midst of the great external drama of conflicting economic forces.

There will also be placed on the shelves, during the last week in May, more than 100 new books for children. A reading contest is to be conducted among the children this summer. The grades are divided into three groups: those going into grades 2, 3, 4, 5, 6—7, 8. Each child will have a picture card with his name on it. This will be filed in the library. For each book he reads one sticker will be put on the card, and at the end of each week, the one who has read the most books will have his card posted in the library. At the end of the summer a medal will be given to the highest in each group. New book lists for each grade will be posted in the library.

Earhart Received Medal at Luncheon At Stevens Hotel

Accompanying a really good picture of Amelia Earhart, the Chicago Tribune prints the following article today:

Amelia Earhart Putnam, leading aviatrix who recently completed a non-stop flight from Mexico City to New York, was given the Balbo medal of the Italian government yesterday in ceremonies at the Stevens hotel. Giuseppe Castruccio, Italian Consul General in Chicago, made the presentation at a luncheon of the conference of Women's Club presidents and program chairmen. The luncheon was attended by 2,000 women.

Miss Earhart, who was given the medal for her aviation exploits in the last two years, told those attending the luncheon of her recent trip from Mexico. After the luncheon she was taken to the city airport with a motorcycle escort and departed on a commercial plane for Washington, D. C.

Among those who attended the luncheon were Lewis Bernays, British Consul General; Eugenio Pasqueria, Mexican Consul; and Ulrich Beusch, Swiss Consul.

Jasmine from the south, mostly from Texas, was used in the fragrant decorations. It was used for corsages for the guests.

Mrs. C. R. Walgreen entertained at the luncheon the following members of her bridge club and a few others: Mrs. C. H. Bokhof, Mrs. W. C. Durkes, Mrs. Frank Edwards, Mrs. George Dixon, Mrs. A. A. Rowland, Mrs. H. A. Roe, Mrs. P. X. Newcomer, Miss Anna Geisenheimer, Mrs. Eustace Shaw, Dixon; Mrs. Guy Dart of Chicago and Mrs. M. A. Beck of Elgin.

The following Dixon club women also attended the luncheon: Madam E. H. Prince, H. U. Bardwell, George Shaw, I. B. Hoefel, W. G. Murray, Harry Edwards, W. H. Coppins, Z. W. Moss and Frank Rosbrook.

"Brownie Revel," Is Haired with Delight

The South Side Brownies are looking forward to Saturday, May 25, for that is the date of their "revel."

At eleven o'clock, they and their mothers will leave for Lowell park to spend part of the day "reveling" in the out-of-doors. A picnic dinner will be enjoyed at noon, and later a "fly-up" ceremony will be held. At this time, Brownies who are ready to be Scouts will "fly" from their Brownie Pack into a Girl Scout Troop. All Brownies and mothers are urged to attend, and are asked to bring their own sandwiches, dishes and one dish of food. The meat and ice cream will be furnished. Come out and enjoy a day in "Brownieland."

Chronic Worriers in Great Adoo Concerning Future of Quints

Callander, Ont., May 24—(AP)—Many persons whose interest is remote, think the least, are worried today over the future of the Dionne quintuplets.

Some think that when the girls get bigger they ought to go home and help mamma with the dishes. This, of course, is not quite a modern view.

Another suggestion, offered freely for what it may be worth, is that the babies might grow up and become a basketball team. Probably nothing will come of it, and, anyway, the "quints" would be compelled to play boys' rules.

That what's-your-hurry element of the community is tutting all this speculation concerning the future life, loves and learning of Callander's five famous females.

What these people have failed to take into consideration, however, is that some top-flight educational institutions, especially in the United States, require prospective students to be registered for matriculation at birth. Here it is only four days from their first birthday anniversary, and the quintuplets have not been registered for so much as a kindergarten.

The pother, in the final analysis, is to no avail, because the matter is not one for chronic worriers to decide. The King of England, acting through the special board of guardians, will take care of it in stride at the proper time.

Neither Papa Oliva Dionne nor Mamma Elzre has had much to say about their hopes for their five identical descendants.

Regular Meeting Of Ladies of G. A. R.

The regular meeting of the Ladies of the Grand Army of the Republic was held in G. A. R. hall Monday evening, with a good attendance.

Plans were discussed to assist the Dixon Memorial Association in the memorial work.

An interesting talk was given by Mrs. Florence Onnen, Dept. Patriotic Instructor, about the trip to Bloomington, and the state department convention, which was called to order May 21st.

The meeting closed in regular form to meet again June 3rd.

## POPPY DAY

Women of the American Legion auxiliary will distribute poppies on the streets Saturday. Some of their own lie in the poppy-studded battle cemeteries in France. Ever since the war they have been devoting their energies to aid those left dependent, to help those who came back disabled, and to carry on in peace for the cause of American democracy. And on Poppy day they will give their services so that the rest of us may show that we, too, remember. Wearing the poppy is the individual act of tribute to the World War dead. The auxiliary will offer them in exchange for a contribution for the welfare of the war's living victims. No price is asked for these little flowers, shaped by the hands of disabled veterans. A few pennies, if that is all the person is able to give, or a ten dollar bill, if that amount can be contributed, it is all the same. The same symbolic poppy will be given in exchange.

The money which goes into the coin boxes of the poppy workers on Poppy day will all be expended in the welfare work of the Legion and Auxiliary during the coming year.

## WHAT SHALL WE MAKE OF THIS

What shall be our opinion of an administration that loads the people down with oppressive legislation and then refuses to permit it to go to the supreme court for a test?

Each time the administration came near to a hearing on the NRA in the supreme court, it dismissed the appeal and left everybody confused as to what is or is not legal. When a litigant resisting the NRA is given a favorable decision in a lower court, that decision is effective only in that case and insofar as it indicates to other persons what that particular judge will hold in their cases. All other persons who have not the money with which to carry on litigation and therefore submit to oppression that judge after judge has held unconstitutional, are without relief. The last dismissal caused so much resentment that another case was brought forward for appeal.

Now that a case has come to a hearing in the supreme court and a ruling is pending, the manner in which the administration is seeking evasion of an unfavorable decision is so to change the law that this decision will not be applicable in every phase, and to extend the control two years. It has taken two years to get a case to the supreme court in the case of the present law and as much longer time would be taken, if the administration continues to be as expert in dodging a court decision, to obtain a legal ruling for the benefit of the whole people under a new law.

The American Liberty league, an organization founded by some distinguished and national figures of both dominant parties, including two former democratic nominees for the presidency, has this to say concerning the administration bill:

"The bill has all the earmarks of a tricky attempt to avoid a definite determination of the constitutional validity of the recovery act through decision by the supreme court. The shifting of the legal foundation for the NRA might permit its continuance, following an adverse decision, until new test cases could be advanced through successive steps to the highest court."

"The Clark resolution (which limits extension to next February), aside from its other advantages, is free from any attempt to prevent the courts of the nation from fulfilling their constitutional duty of passing upon the validity of legislation."

Isn't it a bit cowardly on the part of the administration to refuse to allow the people a test to determine whether the NRA is constitutional law or usurpation of power; to refuse to allow men in small business and of limited resources the same relief that is accorded those who have the means with which to obtain court decisions? Or, is it, as the American Liberty league suggests, just tricky?

Is it dealing fairly with the small operator? It was the suggestion in the instance in which the NRA legislation was passed as emergency legislation to expire June 16, 1935, that it be accepted as emergency legislation, that its constitutionality not be questioned in the courts, and that it be permitted to die on the date fixed—all as a means of meeting an emergency.

The thing had barely been set going with a flock of bureaucrats in charge and ten thousand bureau workers appointed without civil service qualifications, when it was announced that ways and means would be found to make it permanent.

That was bad faith in connection with emergency legislation. Refusal now to permit the whole people to have the benefit of a supreme court decision at the earliest possible moment is worse than bad faith in view of the determination to make the thing permanent.

## HOW MUCH IS \$4,800,000,000?

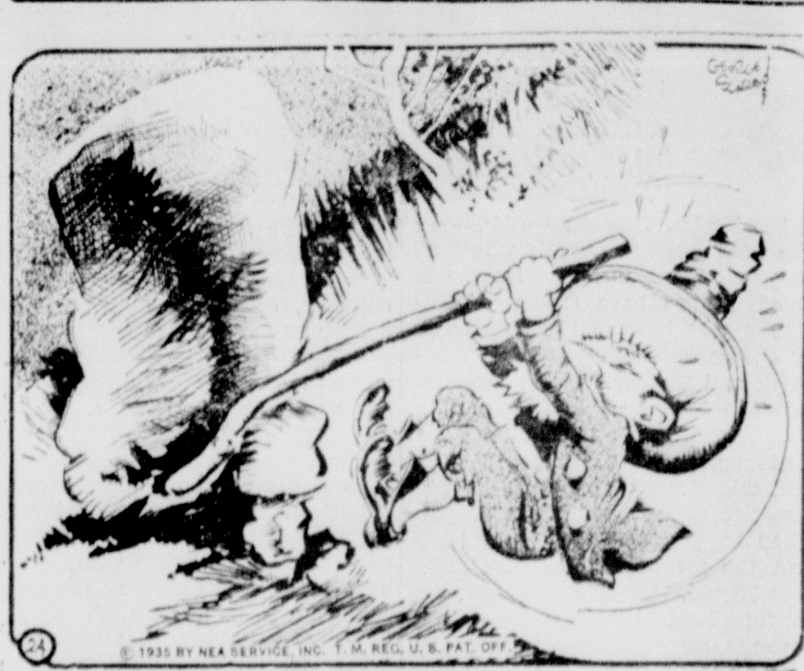

Statisticians have made calculations as to how much \$4,800,000,000 recently appropriated by congress is:

1. About 17 percent of all the wages and salaries earned in the United States.
2. About 68 percent of the value of all products of our 6,000,000 farms.
3. More than twice as much as all dividends paid.
4. About 94 percent of all the interest paid.

It would take the whole working population of the United States thirty seven days to produce the sum.

It would take the automobile industry two years and eight months, at the 1934 rate of production, to manufacture the 7,360,000 automobiles that could be purchased with that sum at factory prices.

## THE TINYMITES

READ THE STORY THEN COLOR THE PICTURE

"You've saved our lives," cried Doty. "Gee, I was as scared as I could be when our nag started racing. We were bounding all around."

"Three cheers for Scouty, I suggest. He was much braver than the rest. He headed off a runaway and now we're safe and sound."

"Oh, it was nothing," Scouty said. "I merely used my level head. I'll do the driving from now on, and then we'll be all right."

"I'm wondering now, what is in store, and just what place were heading for. I only hope we reach that place before another night."

A gnome replied, "Don't worry, son. We're heading for a lot of fun. Our destination is inside a monstrous mountain chain."

"There is one entrance that we know, and right through it we hope to go. Unless fate turns against us, our trip will not be in vain."

"Right now, let's pick some berries. We can have a dandy meal, you see." The Tines and the gnomes were hungry, so they all agreed.

Wild berries tasted very good and all the bunch ate all they could.

"Oh I feel better," Goldy said. "That was a dandy feed."

Once more they started on their way, and soon the bunch heard Coppy say, "I see some mountains just ahead. My goodness, but they're high."

"Tis well we do not have to climb. Oh, we would have an awful time." A gnome then said, "The entrance way is blocked. Oh, me, oh my!"

The whole bunch then jumped to the ground. The little gnome was right, they found. "A big rock's in the way, and we are stopped," wee scouty cried.

"Oh, no we're not. We'll get some sticks," a gnome replied, "I'm full of tricks. Just leave this all to me, and I will pry that rock aside." (Copyright 1935 NEA Service, Inc.)

(The entrance is cleared in the next story.)

A total of \$27,267,600 was paid to France for the Louisiana Purchase. This amount included accrued interest and payment of the French spoilation claims.

## DAILY HEALTH

## MIND AND BODY

The old Latin saying, "Mens sana in corpore sano"—a sound mind in a sound body—conditions the state of the mind by that of the body. In a measure that is correct and this relationship has long been appreciated. Hunger, cold, fatigue, show their influences upon the mind unmistakably.

On the other hand, and this is not so clearly appreciated, the state of the body is as deeply influenced by the condition of the mind.

A bit of happy news can make one forget hunger. A depressing experience "takes the starch" out of one.

More significant are those hidden relationships witnessed in disease conditions.

Except for the ultra-modern individual who finds her mental problems a source of interest both to herself and others, most persons prefer to be ill in their bodies rather than in their minds. A physical illness seemingly casts no blame on the sufferer, whereas a mental or psychic illness implies active responsibility.

Still, whichever way people prefer to look on their illnesses, it is recognized today that mental and emotional states exercise a greater influence on body condition and functions, than holds for the other way round. The old Latin saying therefore deserves to be reversed and modified—"a sound body because of a healthy mind."

The distinction between, and the implied separation of mind from body, is purely arbitrary. Medicine prefers to regard the two as so inter-related that actual separation is impossible.

The pupil of the eye can be made to dilate or contract by thinking of a dark cellar or a blaze of light. Blushing may affect not only the superficial blood circulation of the face, but almost any part of the body. Thus, asthma has been described as blushing in the lungs.

The effective practice of medicine implies much more than the prescribing of drugs, or even the diagnosing of physical disabilities.

## Beats Steve Brodie Leap and Lives

The glory that was Steve Brodie's is dimmed, the record he made in his famed Brooklyn bridge leap shattered. Weighed with 25 pounds of tools, Joe Tomasovich plunged 150 feet—13 feet better than Steve's mark—off the new Mississippi river bridge above New Orleans, as indicated at the right, and lives to cheerfully tell his tale. The veteran bridge man, shown in a New Orleans hospital hurried from the span as a cable swung at him, kept his head as he spun down, and swam until rescued, despite broken ribs.

## MISSOURI GRID COACH SCRATCHED OLD SYSTEM

Charges Other Schools Get Best of Football Stars in His State

New York, May 24—(AP)—Don Faurot, Missouri's aggressive new athletic director, has blown the whistle on the highly explosive topic of college athletic recruiting and subsidizing.

"So what?" I can hear his associates saying after Faurot had accused Texas, Centenary, George Washington and Northwestern, among others, of taking star schoolboy talent from the home precincts of his Tigers.

The truth is he has not even scratched the surface of college conditions as they have developed since the Carnegie Foundation published its famous finger-pointing bulletin, No. 23, in the fall of 1929. All the Foundation apparently did was to show the others how subsidizing and recruiting was being done. At any rate and as a direct consequence of the depression, a short period of de-emphasis has been followed by more and better subsidizing and recruiting. Competition nowadays for schoolboy stars is keener than ever before.

### Can't Have Zone System

It's impossible to apply a "zoning-system" to the business of acquiring or hiring college athletes, anyway. The policy of "Missouri for Missouri boys" or "Ohio State for Ohio boys" is all right, patriotically, but it is by no means entirely effective. Wealthier old grads can be counted on to look after the interests of the old alma mater, no matter where they settle down. The poor but ambitious schoolboy star is generally open to the best proposition.

It may be just a coincidence but it is at least noteworthy that a shake-up or change in the athletic organization or policy of any of our bigger universities or the smaller ones, for that matter, generally is followed by an influx of sturdy new material, especially football material, since it is now fairly well known that the gridiron game pays the freight for the rest of the sports.

"We did not come here to lose," one coach is reputed to have said, on gathering his forces about him on a new battleground. This historic phrase is now a collegiate slogan.

### THREE DENY CHARGES

Columbia, Mo., May 24—(AP)—Coach Don Faurot's charge that the University of Missouri is losing athletic talent to schools offering inducements in the way of scholarships, jobs, etc., today drew denials from Northwestern and Texas as universities and Centenary college.

Athletic authorities of those three schools declared they have no Missourians on their athletic rosters.

George Washington University, also included in Faurot's bitter denunciation of outstate schools, he charged with bidding in native Missouri high school heroes, was silent.

### Roman Soldier Tops Aurora Derby Field

Chicago, May 24—(AP)—Roman Soldier, winner of the Texas Derby and the closest horse to Omaha at the finish of the Kentucky Derby was a big favorite today to win the Illinois Derby, \$10,000 added feature of Aurora's farewell program.

Roman Soldier was quoted at 7 to 5, in spite of reports that he has shown signs of lameness recently.

Nine other thoroughbreds were in the overnight field for the first stake event of the Chicago metropolitan. Mrs. Silas B. Mason's Sun Portland was the second choice, with Whiskalo, which landed third in the Kentucky Derby, rated next. The other named were Tear-out, Prince Siender, Sand Cloud, McCarthy, Dark Woman, Blue Armor and Joseph J. G.

Roman Soldier was given top weight of 122 pounds for the mile and a sixteenth test.

## WATERWAY PLAN FOR ROCK RIVER WOULD AID CITY

Dixon and other Rock River towns may benefit from a re-examination of a plan to link these cities with the nation's inland waterway system and the sea at a cost of about \$35,000,000.

The plan has been placed for re-examination before Federal authorities by the National Rivers and Harbors congress which met in Washington, May 3. Rock River towns are lending their support to the project which would ultimately bring a better price for farm products of northern Illinois, and expansion of water power and rural electrification. The project would be included in the new administration \$4,880,000,000 work relief program.

The plan is approved a nine foot channel would be constructed from Janesville, Wis., to Sterling, and access to the Illinois and Mississippi rivers would be attained by a feeder from Sterling.

A series of dams and locks would be placed at Grand Detour, Byron, Rockton, and Latham, Ill. and conservation dams at Horicon, Wis. Electricity generated would bring in a revenue of about \$328,000 annually to help defray the cost of the project. The completion of the plan would assure lower freight rates for farm products to ports on the Mississippi both upstream and downstream.

## SAME PROGRAMS FOR CAMPOREEES

Plans Completed for Boy Scout Meeting in Lee and Ogle Counties

Identical programs for the Lee and Ogle county Boy Scout camporees have been prepared, climaxed by a Court of Honor in each case. The Lee county camporee will be held at the Amboy City park adjacent the fairgrounds, Friday and Saturday, June 14 and 15, and the Ogle county camporee will be held at the Pines State Park, Friday and Saturday, June 21 and 22.

Scoutcraft instruction will be given at the camporees. Pacing, tracking, judging, map-making, handicraft, firebuilding, cooking, pack-making, tent-pitching, and camp beds will all be studied. The Scouts will be required to prepare and eat their suppers.

Following is the complete program that will be used for both camporees:

### Friday

9:00 A. M. or later—Check in at entrance to camporee grounds. Before 2:00 P. M.—Patrol First Inspection at Headquarters Tent. 2:00-3:00 P. M.—Set up Patrol Camp—get ready for night. Patrol leader in charge.

## A THOUGHT FOR TODAY

And He went into the temple and began to cast out them that sold therein, and them that bought.—St. Luke, 20:45.

To whom can riches give repute, or trust, content, or pleasure, but the good and just?—Pope.

## SUSPECTS ACQUITTED

Springfield, Ill.—Sangamon circuit court acquitted Raymond Eschelbach and Emil Barker of St. Louis, of charges of robbing the Frank A. Bridge Jewelry Co. here April 12, but both were held for St. Louis and Washington state authorities who want them on robbery charges.

## GOOD THOUGHTS

The success, the happiness of religion depends upon its thoroughness. A half heart in religion means a heavy heart.

—Cosmo Gordon Lang.

Let us pray God that He would root out of our hearts everything of our own planting, and set out there, with His own hands, the tree of life, bearing all manner of fruits.

—Fenelon.

If in that secret place  
Where thou hast cherished it,  
There yet is lying  
Thy dearest bitterness, they fond-  
est sin,  
Though thou hast guarded it with  
hurt and crying,  
Lift now thy face,  
Unlock the bolted door and let  
God in  
And lay it in His holy hands to  
take.

—Margaret Widdener.

Come unto me, all ye that labour  
and are heavy laden, and I will  
give you rest.

—Matthew 11

Though contrary to common be-  
lief, it is not difficult to be a  
Christian; but it is grievous not to  
be one. Jesus fully recognized the  
first part of this statement, when  
he said: "My yoke is easy and my  
burden is light." The Master's life  
was full of joy, the joy which  
comes from communion with God  
and righteous victory. There is no  
heavy, irksome burden to the en-  
lightened consciousness, no yoke  
of bondage to God's child. The  
true Christian's life is a happy one  
—not burdened with sickness or  
sorrow—but one in which the new  
day is always breaking, always  
unfolding God's purpose of good.

—The Christian Science Monitor.

every one of the Confirmation class  
present in the closing weeks of our  
lectures. We are preparing for con-  
firmation for the 9th of June.  
On the 10th of June at 9:00 o'clock  
in the morning we begin our  
annual Vacation Bible Church  
School. We always have a happy  
and pleasant two weeks with the  
boys and girls and youth of the  
school. If other churches will per-  
mit we will be glad to enter any  
child who wishes to enroll. We have

## STEWART NEWS

By Mrs. Alonzo Coon  
Steward—Rev. H. L. Brett was  
called to Boston, Mass., by the  
death of his father. He left Sun-  
day morning to attend the funeral.  
The Ladies Aid Society met this  
Thursday afternoon at the church.  
Mrs. Margaret Durin is chairman  
of the serving committee.  
Prof. and Mrs. J. M. Thompson  
and son Wendell were Sunday visi-  
tors at the home of his mother,  
near Aledo.

Mrs. Margaret Durin returned  
Monday from St. Louis, where she  
accompanied Miss Alleen Durin,  
who has accepted a position in  
that city.  
Mr. and Mrs. Charles Hess en-

Sunday here with his wife and  
daughter.

Walter Gunderson was here on  
Monday from Rockford where he is  
employed.

Several from here were shopping  
in Rochelle Saturday.

L. A. Hemmaway was in Dixon  
Wednesday attending to Supervi-  
sor's duties.

Mr. and Mrs. G. P. Levey and  
Mr. and Mrs. C. W. Diller motored  
to Grand Detour Sunday after-  
noon.  
The Ladies Aid group meeting  
was attended by a large crowd,  
a number of former residents were  
here to enjoy the day. Rev. and  
Mrs. Warren Hutchinson of Or-  
angeville and Rev. and Mrs. J. C.  
Moore of Greenwood, former pas-  
tors were greeting friends. Rev.  
and Mrs. Moore remained over-  
night with friends.

tons of mail and goods.

## ANOTHER FIGHT ON RELIEF DUE IN LEGISLATURE

Will Come When Exten-  
sion of IERC is Asked  
of Law Makers

Springfield, Ill., May 24—(AP)—  
Another battle on relief probably  
can't be avoided by the now peace-  
ful legislature. It involves the Illi-  
nois Emergency Relief Commis-  
sion and the distribution of Feder-  
al and station millions to the un-  
employed.

Unless a law is passed to extend  
its life, the relief commission will  
pass out of existence on August 1.  
The problem of administration  
was kept in the background today  
as Governor Horner in Cleveland  
personally asked Federal Adminis-  
trator Harry L. Hopkins for stop-  
gap funds to care for the unem-  
ployed until the three percent sales  
tax becomes effective July 1.

The tax increase bill was signed  
by the governor late yesterday and  
State House opinion was general  
that Hopkins would turn over sev-  
eral million dollars to Illinois im-  
mediately.

If financing problems are finally  
settled at the conference, relief  
will be immediately reauthorized for  
most of the 1,200,000 persons who  
were on the rolls of the IERC be-  
fore the May crisis was precipitat-

ed by the state's delay in matching  
Federal funds.

**Controversial Issue**  
But the administration of relief  
is still one of the most controver-  
sial issues before the legislature,  
with many Republicans and some  
Democrats being strong in their  
charges of waste and inefficiency  
against the Illinois Emergency Re-  
lief Commission set-up.  
Rumors that the governor would  
approve the Hickman bills to create  
a state relief director and give  
counties major control in distribut-  
ing funds have not been confirmed  
at the State House.

The law creating the relief com-  
mission will automatically expire  
August 1, unless it is extended. It  
could be done by 77 House and 26  
Senate votes, which the Democrats  
control, but Republican critics  
might precipitate another filibuster  
if the relief fight breaks out again  
in its old intensity.

The alternative, unless the state  
is to be left without a system of  
distributing relief, is to adopt one  
of the multitude of suggestions for  
placing the responsibility in the  
direct control of the governor or  
the local officials.

**May Insist on IERC**  
Hopkins, who has paid three-  
fourths of the cost of relief, has  
repeatedly endorsed the IERC as  
the proper system of disbursing the  
funds. There is a general belief  
that he probably will insist that it  
be continued.

Horner time after time has en-  
dorsed the members of the com-  
mission. When the sales tax bill  
was first before the Senate, an  
agreement was reached that a

downstate administrator should be  
appointed, confining to Cook coun-  
ty the work of Executive Secretary  
Wilfred S. Reynolds.

Dozens of bills and resolutions  
criticizing the IERC and proposing  
to abolish it have been introduced  
by Republican legislators, but  
have been rejected by the Demo-  
crats during the bitter party fight.  
Indications are that, if the IERC  
is to be supplanted, the proposals  
with the best chance of passage is  
that proposed by Senator Wilbur  
H. Hickman, Paris Democrat. His  
bills are now on third reading in  
the Senate.

Hickman's plan is for a state re-  
lief director to allot cash to coun-  
ty boards, who would have charge  
of the distribution of funds to the  
needy.

The sales tax increase bill was  
signed just before Horner left for  
Cleveland. It was returned just in  
time from Joliet, where it had to  
be sent by special messenger be-  
cause it had not been signed by  
Lieut. Gov. Thomas F. Donovan.

The R-101, the British dirigible  
which crashed several years ago  
on its trial flight, was propelled by  
Diesel engines that had a specific  
weight of approximately eight  
pounds to the horsepower. The  
weight of the Diesel engines on the  
Graf Zeppelin is 4.8 pounds to the  
horsepower.

Average displacement of passen-  
ger car engines has increased, only  
about 14 per cent since 1925, while  
their average speed has gone up  
more than 30 per cent in the same  
time.

# FINAL PRIZE WINNERS MAY BE DECIDED TOMORROW

### Race for Big Prizes Continues Close. Votes Scores Show Big Increase. End of Campaign But Few Days Off.

### Extra Prize Winners Will Be Announced Monday.

As a result of scores of subscrip-  
tions being turned in Wednesday  
night, today's vote scores show big  
increases. There are several  
changes in the standings of the  
various contenders for the prizes.  
Some candidates made exception-  
ally good turn-ins Wednesday, es-  
pecially a few who heretofore had  
not been among the top leaders.  
All the real workers increased their  
scores by good gains. These facts  
tend to make the very close race  
even closer. In some instances  
only a very few subscriptions sepa-  
rate the contenders. When one  
considers the difference in value of  
the prizes it is apparent how val-  
uable a few subscriptions can be at  
this stage of the race.

**Being Verified**  
So close was the race, for the  
special prizes, which ended Wed-  
nesday that not until every subscrip-  
tion turned in during the entire  
time of this extra prize offer is  
verified can the results of this  
competition be announced. The  
work of verifying these subscrip-  
tions is progressing as rapidly as  
possible but it is not expected that  
the final results as to the winners  
of these prizes can be announced  
before Monday. If they can be  
decided before that time candi-  
dates will be notified when report-  
ing Saturday. The keen and close  
competition offered for these extra  
prizes indicates the true manner  
of how the larger awards are being  
contested for.

**Last Of Big Votes**  
Tomorrow night ends the last  
opportunity candidates have for  
big second payment votes and new  
subscription bonus votes. Candi-  
dates should remember that second  
payments count for no extra votes  
in the final period and that no  
bonus votes are given for new sub-  
scriptions after tomorrow. The  
candidate who makes the most of  
the few remaining hours of the  
big votes stands to gain the largest  
awards. There is no substitute for  
votes in this campaign and the  
best way to get them ends forever  
Saturday night.

**Difference in Value**  
The difference in value of the  
several prizes represent real prizes  
in themselves. The difference be-  
tween first and second prize being  
\$300 and between first and third  
\$600.00. As close as the race now  
stands a few subscriptions can  
mean hundreds of dollars in cash.  
Every candidate cannot win first  
or second prize but no candidate  
can afford to not get every sub-  
scription and vote possible in order  
to enhance his or her chances of  
winning a larger prize. No candi-  
date should be satisfied with  
anything less than their very best  
and any candidate failing to for-  
their best forfeits their chances of  
winning to their more aggressive  
competitors. Remember it is bet-  
ter to win by a million votes than  
to lose by a few thousand.

Rules and By-Laws of the City Softball League were re-read and revised for 1935. They are as follows:

1. The league shall be composed of eight teams.
2. The roster of each team shall not exceed fifteen (15) players, exclusive of the manager, non-playing.
3. No player shall be eligible to play on any team unless residing in Dixon or the immediate vicinity or being employed in Dixon.
4. A player signed with a team cannot play with any other team in the league unless he has been given a written release by the manager of the first team in which he held membership. A duplicate copy of the release must be given to the league president.
5. All league games must be played on a regulation diamond with the bases sixty (60) feet apart.
6. All league games must be played according to the rules of the National Softball Association for the 1935 season.
7. The opening date for the 1935 schedule will be Tuesday, May 28, and the season will extend for a period of 21 weeks, each team playing two scheduled games each week.
8. No players may be signed during the last 30 days of the playing season.

## DODGERS PLAY STERLING HERE

### To Meet on West Seventh Street Field Sunday Afternoon

Still undefeated, the Dixon Dodgers will play host to the Sterling Merchants baseball nine on the Independent field, West Seventh street, Sunday afternoon. The game will be the second between the two clubs.

Pitching for the Merchants will be Gallentine, promising moundsman who recently tried out for the Chicago Cubs and is reported considered for another try-out in the near future. His mate behind the bat will be Fundy, Henry and Helfrick will be the local team's battery.

The Dodgers rallied to defeat Nelson's Cardinals 5 to 4 at the Airport last Sunday in a game preliminary to the Independents' La-Salle-Peru contest. The game was halted at the end of the seventh inning, after the Dodgers had brought home three runs in the third inning and held the Cards scoreless thereafter.

Other players with the Dodgers will include K. Hasselberg, Earl Flanagan, Johnson, Cruthoff, Randall, Scriven, Witzleb and Kesseling. Flanagan, short stop and Randall, third baseman led the hitting of the locals last Sunday, each getting two blows.

## SACRED FLOWER of JAPAN

FIFTEEN centuries ago, the chrysanthemum was brought to Japan from the China, and with it came all the tradition and the Chinese had built up around this flower. Today, the autumn festivals that surround the chrysanthemum in Japan are the most colorful and gay that country enjoys. So sacred has it become in the minds of the Japanese, that to the emperor and imperial usage has been dedicated the chrysanthemum of 16 petals, which no one else may use in any way. For the seals and monograms of the nobility not of royal blood, 17 or more, and 15 or fewer petals may be used.

## Bowers Athletes Menace N. C. I. Track Records at League Contest Saturday

### Mendota Host To Annual Classic of Loop Teams

Winners of the N. C. I. conference track and field meet for three consecutive years, Coach A. C. Bowers' Purple and White athletes will threaten records of other teams in the 1935 conference classic at Mendota, Saturday afternoon.

In 1930 when the N. C. I. league was formed, Sterling captured the meet with 49 points, Dixon placing second with 37 points, and DeKalb third with 26 points. In 1931, Sterling again won, DeKalb taking second and Dixon third. Since then the locals have dominated the field.

Records most likely to fall before the assault of Dixon high cinder men are the 120 yard high hurdles record of 1:05 seconds established by Baldwin in 1933, the broad jump of 21 feet, 10 1/2 inches counted by Strong of Dixon in 1933, and the 163 foot 11 inch javelin toss of Salkawski of DeKalb in 1932.

Mickey McMillen has run the high hurdles in 1:05 this year at the state meet, and Underwood came within one inch of the conference broad jump record in a dual meet with Sterling Tuesday. Undy also is the menace to the javelin record. One conference record, the 1:36.5 relay race mark hung up by Dixon's 1934 team of Flanagan, Stahl, Snader and Thompson, has already been shattered. The relay team of Dixon against Sterling, on Tuesday, ran the distance in 1:35.3.

**Statistics Given**  
Following are former conference records statistics:  
50 yard dash—Dale, Belvidere, 5.6 seconds, 1931.  
100 yard dash—Terwilliger, DeKalb, 10.4 seconds, 1934.  
220 yard dash—Flanagan, Dixon, 23.2 seconds, 1934.  
440 yard dash—Gebhart, Sterling, 3.2 seconds, 1934.  
Half mile run—Gebhart, Sterling, 23, 1934.  
Mile run—Hussing, Sterling, 4:35.1, 1934.  
120 yard high hurdles—Baldwin, Sterling, 1:05 seconds, 1933.  
220 yard high hurdles—Baldwin, Sterling, 2:06.5 seconds, 1933.  
Pole vault—Beals, DeKalb, 11 ft. 1930.  
High jump—Strong, Dixon, 5 ft. 10 in. 1932.  
Broad jump—Strong, Dixon, 21 ft. 10 1/2 inches, 1933.  
Discus throw—Pretz, Sterling, 117 ft. 7 in. 1933.  
Shot put—Pretz, Sterling, 46 ft. 2 1/2 inches, 1933.  
Javelin throw—Salkawski, DeKalb, 163 ft. 11 in. 1932.  
Relay race—(Flanagan, Stahl, Snader, Thompson) Dixon, 1:36.5, 1934.

The table of points made in N. C. I. conference track meet since 1930 is as follows:

Year	Points
1930	1931
1932	1933
1934	

### Plum Hollow is Host to Walnut Golfers Sunday

Plum Hollow golfers will entertain a team from Walnut in the first tournament of the season starting at 1 P. M. Sunday. Ted Talty, club professional, announced today.

The tournament is the first of a series that will be engaged in by Plum Hollow golfers this summer. Many foursomes have been practicing themselves with the hazards of their home course the past few weeks to get in shape. Scores of the tournament will be published in The Telegraph.

## STATE COLLEGE TRACK MEET TO TEST OLD MARKS

Macomb, Ill., May 24—(AP)—The annual assault on Illinois inter-collegiate conference track and field records opened today in qualifying trials for the 1935 championship meet at Western Illinois Teachers College.

North Central, the defending champion, was a big choice to win again with Southern Illinois Teachers, State Normal and possibly Northern Teachers figured to provide the bulk of the opposition. The Cardinals had a big powerful array, headed by Lloyd Siebert, the favorite in the pole vault, broad jump and low hurdles. Twister Crisp, hurdler; Gene Payson, sprinter, and Harry Bauder in the weights, were Southern's hopes for first places. Normal relied on Deacon Goren, sprinter; Bob Miller, quarter-mile, and R. Forbes in the half mile.

Returning individual champions were: Crisp, high hurdles; Siebert, low hurdles; Karl Hein, Northern Teachers, 440 yard run; Roy Gummerson, Bradley, two-mile; John Sillick, Carthage, broad jump; and Chet Newburg, St. Viator, shot put. Siebert also tied for first place in the pole vault with Lewis of Knox at the record height of 12 feet, 10 1/2 inches.

The greatest amount of earth's surface ever covered in one exposure was in an aerial photograph taken from an army plane at an altitude of 23,000 feet. It is estimated that 7200 square miles of terrain is actually visible in the picture.

At the end of 1934 there were 1,410,000 motor trucks in use in the United States.

## CHAMPS OF LAST YEAR BOTH HOLD ONTO 4th PLACE

### However Tigers Have Advanced From Cellar in 18 Contests

By Hugh S. Fullerton, Jr. (Associated Press Sports Writer.)  
The strange situation which finds the two 1934 pennant clubs struggling to hold first division berths in their respective leagues seems due for a sudden overhaul if the spurt of the Detroit Tigers continues.

Mickey Cochrane's crew, playing a steady, consistent brand of ball, unmarked by fireworks, finally has climaxed a climb from the American League cellar by breaking into fourth place.

Since they struck bottom April 27 at the end of a six game losing streak, they have rung up 14 victories against four defeats and finally moved past Boston into the first division with a 5 to 3 triumph over the Red Sox yesterday.

The triumph was their fifth in a row, the second string of that length since they began winning and was accomplished in just as unspectacular a manner as the club's. Schoolboy Rowe, winning his third game of the season, pitched three-hit ball for six innings, then weakened just enough to let the Sox get into the running.

Meanwhile Hank Greenberg paced the Tiger hitters, driving in three runs with his eighth homerun of the season and a timely fly after Detroit had hopped off to a 2-0 lead against Dusty Rhodes in the fourth.

**Rain Stopped Program**  
The rest of the American League program yielded to cold and rainy weather as did Cincinnati's effort to stage the first major league night game in history with the Phillies as their opponents. A steady overnight rain and chilly breezes forced the postponement of the spectacle of its elaborate side features until tonight.

The Cardinals, meanwhile, did their share toward the program of getting the World Series teams out of fourth place by taking a weird 8-7 ten-inning decision from Brooklyn and gaining a full game on all the other first division clubs except Chicago.

The Cubs, with a somewhat altered lineup, outlasted the league-leading Giants to win 6 to 4 when Charley Root proved a better relief pitcher than Leon Chagnon and moved into second place a few points ahead of Brooklyn, which had consolation only in a virtual tie for the position.

A freak home run by Kiki Cuyler who circled the bases in the eighth after Hank Leiber had fallen just as he got under a fly ball, proved the deciding blow for the Cubs. The Pittsburgh fans put on a special show to honor Rabbit Maranville, former Pirate player, and the Bucs put the usual finish on the affair by beating the Braves and Maranville 8 to 1 with the aid of Arky Vaughan's eighth circuit swing of the year and plunked the losers back into the National League cellar behind the Phillies.

## PURPLE BEATS PRINCETON BY EASY MARGIN

### High School Team Rolls Up Very Decisive Win

Coach Eric Strom's Princeton track team came to grief against a much superior, undefeated Purple and White team on the local high school field Thursday afternoon by an overwhelming score of 99 1/2 to 22 1/2.

Dixon completely dominated the first places of the entire meet, sharing the seconds more evenly with their Bureau county foes. In the 120 yard hurdles Princeton made its greatest threat. In that event, the first of the afternoon, McMillen was hard pressed to defeat Owens of Princeton who took second. Finn of Princeton took third giving the opposition four points to Dixon's five. The time was 1:09. The locals made grand slams in four events, sweeping the 100 yard dash, the 440 yard dash, the discus throw and the javelin throw.

**Many Win Letters**  
The meet afforded many doubtful letter winners of the Purple and White aggregation, an opportunity to clinch their emblems for 1935.

Wetter lacking only a point of winning his "D" for 1935, took his lap of the relay race handsily and thereby won the insignia for his purple sweater. It also gave the locals a good chance to get into trim for the gruelling N. C. I. conference championships to be run off at Mendota Saturday. Princeton, though defeated, demonstrated a fighting spirit and strong enough opposition to bode ill for its future N. C. I. foes when its tenure in the league becomes effective next April.

**The Summary**

## ALL-STAR BALL GAME, JULY 8 TO BE PILOT AFFAIR

Cleveland, May 24—(AP)—The All Star, major league baseball show here July 8 will be run from the manager's bench from the beginning this year.

The citizens out in the bleachers won't have a word in selecting the players to take part in the game. The National League managers will pick a National League team and the American League managers will pick another from their circuit.

President William Harridge of the American League and President Ford Frick of the National League met here yesterday with Leslie M. O'Connor, secretary to Judge K. M. Landis, and officials of the Cleveland Indians. They announced changes in the manner of conducting the annual game.

Heretofore the teams have been selected by a national poll of fans. The new plan was designed to give every team in both leagues representation in the game and to make sure that fans do not select players who, because of illness or other reasons, cannot play.

Presidents Harridge and Frick will announce the lineups on June 28. Frankie Frisch of the St. Louis Cardinals and Mickey Cochrane of the Detroit Tigers, last year's world series managers, will lead the two teams. Their decisions will be final. Each team will have 20 players.

Billy Evans, general manager of the Cleveland Indians, announced today that 52,000 seats already have been sold for the game.

## BRADDOCK GETS IN SHAPE FOR TITLE ROUNDS

### Challenger is Finding His Sparring Partners Rough and Ready

Ferndale, N. Y., May 24—(AP)—James J. Braddock, if he lives, is going to be as fine conditioned a challenger as ever stepped into the ring when he meets Max Baer for the heavyweight championship out on Long Island the night of June 13.

The training camp of this Jersey Irishman, a few miles down the road from where Jimmy McLarnin and Barney Ross are preparing for their welterweight title battle Tuesday night at the Polo Grounds, is more of a fistic abattoir than a conditioning ground.

It's the closest thing to the old Slug-Em-Silly School of Preparation Jack Dempsey used to revel in than anything the heavyweights have seen since the Old Mauler's training days.

"If he lives," says little Joe Gould, Braddock's manager, "he's going to be in great shape."

James J. usually is so exhausted he can't say a word in his own behalf.

### Takes Punishment

The way this fantastic place differs from Dempsey's walloping wallows, is that Braddock, at the moment, is taking most of the punishment. In fact there are times when the long shot challenger is practically fighting for his life against four of the biggest, roughest sparring partners Gould could find for him.

He fought three of them eight rounds yesterday, with no rest in between rounds while they were boxing one, resting two.

Braddock has been doing this for a couple of weeks. He's going to do it for a couple more. He's the most breathless, tired athlete you ever saw when they finally let him out of there each day.

But he's getting into magnificent shape and with everything to win and nothing to lose, he never falters. He says he's got to win this one because his wife already is planning to send their two boys to Yale on his title earnings.

The U. S. Army spent approximately \$810,000,000 for new planes in 1934.

# Lest We forget

**M**ILLIONS on parade. Strong legs that should have proudly marched through life, wallowed instead in the muck and mire of a living worse than death. Bodies on parade. Not minds. Or hearts. Or souls. For who among men is so superhuman that he can remain a completely human being, in earshot of ceaseless, breaking thunder more maddening than a pagan tom-tom's din ... in sight of bodies mangled, torn and gory. Millions on parade. Whole and sound they started out ... only to end in War's black and cavernous grave.

...  
Today, there is only one purpose in whose name War may justly ask its toll ... and that purpose is the defense of one's own country! Let us pray that there be no more wars ... lest we forget ...

## LAWSON LITTLE GOES TO FINAL IN GOLF MATCH

Champion Defeated Robert Sweeney 3 Up and Two to Play in British

St. Anne's-on-the-Sea, Eng. May 22.—(AP)—William Lawson Little, Jr., of San Francisco, the defending champion, this afternoon defeated Robert Sweeney, formerly of New York, three up and two to play, and gained the 36-hole final of the British amateur golf championship to be contested tomorrow.

On the first hole of the semi-final match Little's drive caught a bunker and Sweeney's tee shot went in the rough. They both recovered smartly to the green and got down in two putts to halve in 48. Sweeney's drive hooked out of bounds on the second hole. He reached a bunker on the side of the green and conceded the hole to Little who had a short putt for a par four.

Sweeney drew even with Little on the third hole—461 yards—as the defending champion missed a two foot putt and lost the hole with a six to Sweeney's five. Sweeney took the lead at the fourth hole where Little hooked his drive into the rough and then missed a five foot putt for a four while Sweeney chipped his third stone dead for a winning par four.

Match Squared at 5th. The match was squared again at the 186-yard fifth where Little stuck his tee shot ten feet from the cup and Sweeney's landed on the green and skidded off into the rough.

A quick, careless putt from four feet that failed to drop cost Little a chance to become one up at the sixth. As it was he played the hole blunderingly, driving into a bunker and coming out 100 yards short of the green and only a smart approach kept him in the running here. Sweeney's second shot caught a trap and the hole was halved in 58.

Sweeney duffed his drive into a sand trap at the seventh, hooked his third into the rough and finally stuck his fifth shot a foot from the cup. Little was on in three, 15 feet from the can, and got down in two putts for a win.

Sensational Recovery. The former New Yorker made a sensational 185-yard recovery shot from the rough to the elevated eighth green and got down in two putts from 25 feet for a five.

The contest remained square through the ninth where each planted their tee shots ten feet from the cup and got down in two putts for par three.

The cards: Little out ..... 446 535 553—40 Sweeney out ..... 465 445 743—42

Little planted his second shot three feet from the pin on the tenth and holed out for a winning birdie three to go one up as Sweeney had all kinds of trouble in bunkers and the rough and produced a five. Their second shots at the 472-yard 11th bounced off the green into a cluster of trees and Sweeney outed too strong but Little laid his approach three feet from the hole and his putt carried off Sweeney's ball into the hole for a par four and he became two up.

The 228-yard 12th was halved in 48. Little's drive hooked into a bunker and Sweeney's landed on the green and he became two up.

In Line for U. S. Envoy to Canada

A veteran of 29 years' diplomatic service, Norman Armour, above, is reported likely to be next U. S. minister to Canada, post left open by death of Warren Delano Robbins. Armour, now minister to Haiti, was admitted to the bar in New Jersey and afterward served in several European capitals as secretary and counselor at U. S. embassies.

## Paris Checks and Double Checks

Two of the extremes in the tailleur mode are shown in these models created by Henry Creed. At left, the chamois yellow jacket and black skirt follow the man tailored lines. The other ensemble shows the use of black and white checks in contrasting fabrics. Its cape and matching jacket worn over the tailored frock are snug protection against unexpected chill winds.

Both players reaching the green with No. 1 irons, Little was then two under 48 for the first three holes on the back nine. Little belted his drive 340 yards to the apron of the 13th green. Sweeney's tee shot was 50 yards behind. They both chipped close and somewhat nervously missed their putts for birdies, the hole being halved in par 48.

The wind took both their second shots short of the rough to the left of the 14th green. Little chipped short of the carpet and Sweeney lobbed his approach four feet from the hole and won it with a four. Little slipping one over par.

On the par four, 478-yard 15th, Little hooked a long drive into the rough. His path from there to the green was partly blocked by trees but he played a great shot with a driving iron to the edge of the green and won the hole with a four when Sweeney took three from the edge of the green.

Little drove 290 yards on the 16th and electrified the crowd with a sizzling mashie shot to within three inches of the cup and then tapped the ball in for a birdie three to close out his fellow-American rival who carded a four.

Duquoin, Ill., May 24.—(AP)—Although dismissed by the Perry county emergency relief committee, Miss Cora K. Eastman remained at her post as county relief administrator today.

She maintained the committee was without authority to discharge her. The action, taken last night, followed her indictment last week by a grand jury on charges arising out of her administration of relief.

It has been estimated that on average airline schedules, level cruising occupies roughly 50 per cent of the total time, decent taking up 30 per cent, climb 15 per cent, high-powered climb 2 per cent, running up the engines on the ground, and taxiing 2 per cent, and take off, about 1 per cent.

A new route surveyed by a American airline crosses Brazil instead of skirting it, reducing the South America—United States routes by several hundred miles. It established it will open a vast territory not previously touched by air lines.

During the first eight months of 1934, 12,000 motor vehicles were imported into France.

## ALMOST HALF OF BIG RANSOMS RECOVERED BY "G"s

Chief of Federal Staff Says Tracing Money is Harder Than Men

Washington, May 24.—(AP)—Of more than half million dollars paid to free kidnap victims in half a dozen or so noted ransom cases, Director J. Edgar Hoover of "G" men today reported recovery of 250,146.65 "or almost half."

Hoover said that tracing of ransom money often is more difficult than actual pursuit of the kidnappers.

"The largest ransoms paid were 200,000 each in the Urschel and Bremer kidnappings," Hoover said. "Urschel has recovered \$123,730 but Bremer less than \$3,000."

"Usually ransom money is rapidly spent in typical criminal fashion: on vice, gambling and articles of luxury."

An example of this, Hoover said, was the \$60,000 paid for release of Charles Boetticher, wealthy Denver polo player.

Much Dissipated. "Our men found \$9,260 of this money today reported recovery of 250,146.65 "or almost half."

aid in the gang hideout on a Dakota farm. The remainder had been dissipated by the six persons indicted.

More fortunate was City Manager H. F. McElroy of Kansas City, Mo., who paid \$30,000 for the release of his daughter, Mary, who recently made a sensational plea for the life of her abductor, Walter McGee.

"We located \$9,200 of the McElroy ransom in the back of a photograph McGee carried when he was arrested," Hoover said. "Another 1,000 was taken from the housekeeper at the gang's hideout, and \$1,795 was found buried in a cinder pile near a Kansas City wrecking plant, hidden there by a man who was sentenced to eight years for his part in this crime."

PROTEST PENDING BILLS. Washington.—Fifty members of the Illinois manufacturers association arrived to express opposition to pending legislation which they regarded as inimical to Illinois industry.

FREPORTER WINNER. South Bend, Ind.—Robert Schmelze, Freeport, Ill., won the Breen medal oratorical contest from six other finalists with the topic: "My Brother's Keeper."

At the present time more than 300 companies not directly in the aviation business maintain company-owned planes.

## DEVELOPMENT OF PRISON FACTORIES NRA SCHEME

## To Ask \$50,000,000 Loan to States to Expand Their Activities

Washington, May 24—(AP)—NRA planned to ask the work relief administration today to lend \$50,000,000 to the states to help them develop varied industries behind prison walls in place of the few lines of manufacturing which now flourish there.

This step was proposed following protests from the cotton garment industry against competition from prison-made goods. The cotton garment manufacturers, together with private producers of

shoes, brooms and some other articles, contend they have to compete with an unfairly large share of the output of prison plants. Letting the prisoners turn out many different kinds of products is advocated by some who argue that no one branch of private industry would feel destructive competition from this source.

Before receiving the \$50,000,000 request from NRA, the applications division of the work relief organization disclosed it had received a new shower of project proposals from other government agencies.

These applications sought approximately \$25,000,000 of work relief money for work contemplated by the war and navy departments, the public health service and the veterans' administration in 23 states, Alaska, Hawaii, and the District of Columbia. They brought to nearly \$100,000,000 the total asked by government departments in the past week.

Meanwhile, with the work relief program not yet advanced to the point of actually swinging the destitute from doles to jobs, the government prepared to make \$140,000,000 of the work relief fund available for continuing present relief activities.

The works allotment board recommended yesterday that President Roosevelt turn over this sum speedily to FERA. It also recommended a small number of federal projects, including \$8,610,000 for repairs to navy yards and docks and \$250,000 to the Agriculture Department for its warfare against the Dutch elm disease.

**Warrant Withdrawn**  
 Two of the big work relief leaders—Secretary Ickes and Harry L. Hopkins, the relief administrator—were away from the Capital. Hopkins sped to Cleveland, for an address. Governor Davey of Ohio only yesterday withdrew a criminal libel warrant which had been filed against Hopkins in that state following a dispute with the governor over relief. It was considered likely the relief administrator would confer during his trip with Governor Horner of Illinois.

Ickes, who left Wednesday for the middlewest, was expected to return in time for the allotment board's next meeting Monday.

## Summer Sweethearts

By Mabel McElliot © 1935, NEA Service, Inc.

**BEGIN HERE TODAY**  
 KATHARINE STRYKHURST, daughter of wealthy VICTOR STRYKHURST, is deeply attracted by MICHAEL HEATHERS, who runs a riding school. Katharine is discontented and restless under her stepmother's rule. Thrown from a horse, she is taken to the home of VIOLET MURDER, who once was in love with Katharine's father. Violet is drawn to the girl and they become friends.  
 DR. JOHN KAYE, just back from Europe, visits the Strykhursts.  
 ZOE PARKER, Katharine's closest friend, is in love with GIBBS LARKIN, and persists in seeing him in spite of her parents' objections. Katharine asks Dr. Kaye to help her keep Zoe from eloping with Gibbs.  
 NOW GO ON WITH THE STORY

## CHAPTER XIV

KATHARINE said miserably, "I don't know what to do."  
 The enormity of her offense in helping Zoe make a rendezvous now struck her with full force. But she couldn't tattle, even if she had unwittingly overheard Zoe's plot to elope with Gibbs Larkin.

"There's just nothing we can do, I suppose," she said to Dr. John Kaye. "But I feel—oh, terrible about it all!"

"Bad business," he commented quietly.  
 "You think so, too, Johnny?"

He shrugged his shoulders. "I've known Larkin quite a while."  
 "He's such a rotter," Katharine burst out angrily. "And Zoe's honestly the sweetest thing."

"But she's grown up," the man reminded her. "I really don't see how you can interfere. You didn't eavesdrop intentionally, . . ."

"Oh, of course not," Katharine flamed in some indignation.  
 "What we might do," pursued John Kaye quietly, "is to find them and stick to them like limpets all evening—not let them out of our sight. And perhaps balk it this time anyhow."

"John, you're marvelous."  
 "But would it do any good?" demanded the man. "Wouldn't she dash off at the very first chance and marry him?"

Katharine shook her head despairingly. "I suppose so."  
 "Well, to ease your conscience, I'll see what I can do to help you tonight, at least," said Dr. Kaye gently.

"John, you're an angel! I'll dash in and dress now and see if I can catch Zoe. Maybe I can talk some sense into her."  
 "Don't do that," the man warned. "That would be fatal."

Katharine blew him a kiss as she ran toward the house. How understanding he was! There was something, she told herself, awfully sweet about John. She was glad he knew about the other night. She had hated letting him go away, thinking she was conducting a flirtation of which she was ashamed.

THE sun was slipping slowly down toward the brassy horizon when she came out again. She was in white, a favorite last year frock of white silk, cleverly and simply cut. Her hair shone like a gilded cascade. Zoe was smiling with satisfaction. Zoe whose voice on the telephone had sounded exceedingly gay, had consented to come over for an apertif before dinner.

Katharine had rather admired Ellen came out with the decenter and a tray of glasses. The little group in the deep wicker chairs was very gay. Bertine joined them and presently Victor Strykhurst very imposing in blue coat and white flannels, came out.

"You're sure you can't stay for dinner, Zoe? Too bad," purred Bertine hospitably. "Ellen can easily lay another place."  
 Zoe dimpled. "No, I can't."  
 "Your mother and father are at the Willises tonight, aren't they?"

When the Indians of Peru have something really big to celebrate they don their most colorful costumes and break into dance and song. The occasion for one of their most enthusiastic celebrations was the arrival in Lima, Peru's capital, of the Santa Ana, one of the five new Douglas airliners recently introduced by Pan American-Grace Airways in its service on the West Coast of South America.

her own nonchalance asking Zoe in the face of her own guilty knowledge of Zoe's plans, she had had to steady her voice a trifle and strive for casualness.

"John Kaye's here. Won't you drop in for a minute for some sherry? Even John thinks a debutante may have sherry and live!"

"Oh, darling, I'd love to," Zoe's voice, utterly care-free, had trilled back.

"And how about staying on for dinner?" Katharine had pursued. "We could pick up someone at the Club and go somewhere to dance. Zoe sounded regretful. "Darling, I can't. Have a date."

"Well then, come over early anyhow."  
 "I'll be there before 7," Zoe promised.

It was 6:30. Katharine felt the tingling of nervousness in her finger ends. As soon as darkness fell Zoe would rush off to keep that "date" of hers, perhaps the most portentous one she had ever made in all her life.

Of course Zoe didn't know what Gibbs really was. She wouldn't believe it if anyone told her. For all her appearance and pretense of sophistication, Zoe was pretty much of a child.

There was that night club girl he'd been mixed up with in New York last year, for instance. There had been the most unsavory stories. Some people actually said the girl had supported him. The girl lived on the fringe of the half-world; people who made their livings by their wits and who were, some times, struck at in the dark—"rubbed out," as the gangsters said.

No, Gibbs was definitely soiled. Zoe was not his kind.

Katharine strolled up and down, sniffing the garden's scents, wishing John would come down so that she could talk to him before Zoe arrived.

Bertine swept out, magnificent with her clipped silver hair and painted frock, and proved to be in better humor than she had been for days. Katharine was abstracted and polite to her. Tonight she had really no time to think of her stepmother's vagaries.

When Bertine went down to look at the foxgloves, her especial pride, John Kaye appeared on the veranda. He looked cool and meticulously groomed in his dinner clothes.

"She's coming over directly," Katharine whispered, with the air of a conspirator.  
 "Good."

"What shall we do?" She looked furtively over her shoulder, to see if Bertine were returning. Bertine did not include her in the conversation which did not include her.

John smiled. There was a flash of yellow at the garden gate, and the sound of Zoe's light laughter—"Leave it," said John Kaye, "to me."

Ellen came out with the decenter and a tray of glasses. The little group in the deep wicker chairs was very gay. Bertine joined them and presently Victor Strykhurst very imposing in blue coat and white flannels, came out.

"I think that's what Mummy said. Bridge afterward. How could anyone," cried Zoe, "consider bridge on such a night as this!"

Her voice caressed the syllables: on such a night as this. It seemed to say, there are wilder, gayer, more romantic plans afoot. On such a night as this, one speaks softly of love. . . .

Katharine glanced quickly at her, glanced away. It was shocking to see anyone so gay and charming resting lightly on the brink of danger; not to be able to stretch out one's hand to help her. . . .

KATHARINE looked at Dr. Kaye despairingly. Was he going to fall her? He seemed so deadly calm.

"It's dinner imminent, Bertine!" he asked lightly.  
 "Not terribly. Seventy-three. Why?"

"I had a fancy to take a little run in the car. Will you drive me, Katharine? We'll take Zoe along."

Zoe glanced consciously at the tiny diamond-studded wrist watch she wore. "I have to be back by 8."

"Good. We'll just have time, then."

Katharine, her head whirling, brought the car around. John Kaye helped Zoe in, climbed in after her.

"Where to?" Katharine asked. She had to steady her knees, they were trembling so. What was his plan?

"Would you mind running past that new night club that's been imported from the city?" Dr. Kaye asked smoothly.

"Oh, I've heard it's a slick place," Zoe cried. "It just opened last month. No one has taken me there."

"I have a card for it," Dr. Kaye said lightly. "One of my patients thrust it on me. Want to go in?"

Zoe looked doubtful. "Would it take very long? I really have to be back."

"Don't worry," the man soothed. "I only want to see what the inside of the place looks like. This fellow who gave me the card roundly rebuffed my curiosity."

Katharine gave him a sideways glance. His face was impassive. There was no telling what went on behind that polite mask.

She turned in at the imposing pillars marking the entrance to the Blue Sky Bath Club. A man in uniform ran out and Dr. Kaye produced a card which evidently satisfied him as to their credentials.

"Ooh, what a slick pool!" Zoe cried. The long rectangle of aquamarine tile was lined with little tables, with gay lanterns and striped awnings.

"It's like a musical comedy set," Katharine said.

There was an exotic flowering of characters in this musical comedy set; woman glittering with jewels; hard, bright eyes set in enameled faces. Men with jowls, with perfect, manicured, cruel hands; playboys who lisped elegantly. . . .

"Something decadent about it," whispered Katharine to her escort. Zoe, powdering her nose, did not see the sudden, significant glance he shot at her as two people sauntered toward them.

The man was Gibbs Larkin. He was talking absently with the stunning woman at his side. He had not seen Zoe.

FIRST BOXING  
SHOW STAGED  
THIS EVENING

Large Crowd Anxious To  
See Bouts at the  
Airport

The first of a series of boxing shows presented by the Dixon Athletic club will be presented this evening in the hangar at the Dixon Municipal Airport. George Kitteringham of Rockford, inspector for the Illinois Boxing Commission arrived in Dixon this afternoon to examine the 14 boxers who are scheduled to appear in the bouts to be presented this evening.

The show will be staged inside the big new hangar and not on the lighted field as some have been led to believe. All of the shows to be given during the summer months will be in the hangar, which has accommodations for the seating of a large crowd. The ring was erected yesterday and today electricians were arranging the lighting system over the ring. Jack Sharkey of this city will referee all of the bouts.

Twenty-five rounds of boxing are scheduled to be presented to the fans. The two main bouts will be over the five round limit and the five earlier bouts will go but three rounds. The demand for ring-side reservations in advance has assured the sponsors of a record crowd.

In the chief bouts Elwood McReynolds will box John Martin of Peoria and Vincent Eberhart, of Sterling, will box Joehanne Nelson of Peoria.

Bill Stunkel of Rochelle and Joe Modona of Peoria have been matched in the 120 pound class, this bout to be over the three-round course.

Dan McGrew of Dixon will step into the ring to test out the hitting ability of Joe Swartz of Peoria in the 160 pound division, to be decided in three rounds.

Fred "Killer" Hess of Dixon and Woosung will meet Izzy Allen of Peoria in the 170 pound class in a three round contest.

Paul Hess, also of Dixon, and Woosung will test his strength against Ray Stunkel of Rochelle in the 147 pound division to open the program.

The bill brings together two sets of brothers, Fred and Paul Hess of

Big Ten's Baseball  
Race is Near Close

Chicago, May 24—(AP)—Ohio State and Minnesota, both nursing Western Conference baseball championship hopes, sought to improve their chances today in the opening of two-game series with Iowa and Purdue.

The Buckeyes, who can grab at least a share of the title by winning their remaining four games—provided Minnesota loses at least one of its six coming tests, were at Iowa for a two-day stand, Minnesota was host to Purdue, the team which tipped over the league-leading Illinois club Tuesday, for Friday and Saturday battles. Michigan was at Northwestern for the other game on today's schedule.

Chicago, which suffered an unexpected beating from Northwestern Tuesday, will meet the Wildcats at Northwestern tomorrow in the top game of the day.

The Maroons must win to draw up even with the Illini in the standing and retain their chance of sharing in the title. Michigan finishes its road trip with a game at Wisconsin tomorrow.

DEMOCRATS PUT  
IN UNDESIRABLE  
SPOT G.O.P. CLAIM

Defeat of Bill to Make  
Honest Elections Sure  
is Cited

Springfield, Ill., May 24—(AP)—With the deadlock over relief financing broken and the filibuster on the permanent registration bills at an end, the assembly, its calendar clogged by the long delay, has apparently settled down to the large amount of routine work which must be finished before adjournment July 1.

Republican leaders profess to be satisfied with the record made in the past six weeks, which they say, placed their Democratic opponents in two undesirable positions.

The filibuster on the permanent registration bills, sponsored by the Illinois League of Women Voters and killed by the Democratic majority, has, Republican leaders claim, put the Republicans in the position of standing for honest elections.

On the relief question the Republicans claim also to be satisfied.

With their party platform declaring against the sales tax they succeeded, on five roll calls, in keeping their ranks sufficiently intact to force the administration to strip the emergency clause from the bill and take it largely with Democratic votes.

Sales Tax Democrats  
They now claim the boost in the sales tax is attributable to the Democratic party.

Democrats, however, said they were willing to assume the responsibility, B. S. Adamowski of Chicago, the majority floor leader, saying his party was willing to face defeat if necessary to guarantee food and shelter for the unemployed.

With this record made, although accompanied by much bitterness, the House settled down to a consideration of the essential appropriation bills.

Rep. James Boyle, chairman of the appropriation committee, warned against increases written into several bills, saying that Governor Horner opposed them and that a day of reckoning was due if the committee persisted in boosting the amounts allotted to each department.

Plan Five-Day Week  
The House yesterday, before going home for the week-end, passed a number of the bills and Speaker Devine told the membership that the present three day-week would soon be abandoned and meetings would be held three times a day for five days a week.

Many other bills of major importance are yet to be acted on.

Little has been done on the proposed insurance code, the new criminal practice act and many bills sent here by Federal agencies so as to provide means for municipalities to take advantage of various grants are yet to be considered.

Auto Races Tough on  
Cars and Mechanics

Indianapolis, May 24—(AP)—Predictions of the first favorable weather since the start of qualifying trials for the annual 500-mile automobile race spurred drivers and mechanics to intensive practice for resumption of speed runs at 1 P. M. tomorrow.

Recent rains have prevented newcomers at the motor speedway from sufficient practice in negotiating treacherous turns of the rough 2½-mile brick course. Mechanics hailed a "fair and warmer" forecast which held the possibility of motor tuning under race conditions.

Fifteen drivers turned a few experimental laps late yesterday and two narrowly escaped another bad crash on the southwest turn where W. H. (Stubby) Stubblefield and Leo Whittaker, his mechanic, of Los Angeles, were killed Tuesday.

Maynard Clark of Milan, Ill., dashing into the turn at more than 100 miles an hour in a racer owned by Joel Throne of New York, skidded in a patch of oil. Clark pulled away from the outer wall and went into a dizzy spin as Wilbur Shaw, Indianapolis veteran, squeezed by one of the inside of the track, barely missing him. Clark smashed into the lower wall, bending the frame of the car. None was hurt.

Maroon Tennis Team  
Holds Slight Margin

Evanston, Ill., May 24—(AP)—The University of Chicago held a slender one-point lead over Northwestern and Minnesota today as the annual Western Conference tennis championship tournament went into the semi-final round.

The Maroons, defending champions, won their four singles matches yesterday and added a doubles victory to pick up five points under the new scoring system. Minnesota and Northwestern won two singles and two doubles matches for four points apiece.

Under the new system, calculated to improve the team angle of the tournament, the singles title is being fought out among the number one men of the various teams. The same holds true in the doubles. The two, three and four men, as well as the number two doubles teams, also play in separate brackets, with a point being awarded for each victory.

Some of the huge three-bladed controllable propellers now in use on transport planes are from 12 to 15 feet in diameter and weigh up to 350 pounds.

Is Barbara a Happy Bride?

Denying she would live abroad permanently, the new Countess von Haugwitz-Reventlow, until recently Princess Barbara Hutton Mdivani, returned to New York in royal style with her handsome Danish count. Though the hour was early and she'd lost a game of hide and seek with reporters, nothing seemed to dim her happiness. Here she radiates happiness as she clings to her husband.

JOHNSON, GREEN  
TO DEMAND LONG  
EXTENSION NRA

Will Appear at House  
Committee Hearing  
on Resolution

Washington, May 24—(AP)—Administration forces counted on Hugh S. Johnson and William Green to give a boost today to the administration's plan for extending NRA two years.

The former blue eagle chief and the president of the American Federation of Labor, who declared in a speech in New York last night that there would be a nation-wide general strike unless congress extends NRA two years and passes other legislation, were invited to testify before the house ways and means committee today.

There were indications that the committee would approve promptly the two-year plan backed by President Roosevelt and Donald R. Richberg, recovery board chairman. Administration leaders hoped to get the bill through the house next week.

Speed is necessary, they indicated, if action is to be taken before the present NRA expires June

BRITISH YOUTH  
RUSH TO REPLY  
TO KING'S CALL

Air Force Recruiting  
Station Report Many  
Seek to Enlist

London, May 24—(AP)—The youth of Great Britain was responding with enthusiasm today to the government's appeal for recruits for the suddenly expanded Royal Air Force.

Recruiting stations here and in other parts of the British Isles from Plymouth to Glasgow and Belfast had a rush of applicants for the 22,000 posts created under the new aerial program designed to give Great Britain parity in the air with every other European power.

Of the additional personnel some 2,500 will be pilots and the others skilled and unskilled workmen.

When the accelerated program is completed in March, 1937, Great Britain may have 6,000 military aircraft of all types. The immediate project is to increase the first line home defense force from 580 to 1,500 planes.

As the Air Ministry placed its program the government and representatives of the Dominions agreed on a tentative plan for a permanent empire defense consultation board.

The organization would formulate the empire's policies for defense and foreign relations. It probably would consist of the Dominion High Commissioners stationed here.
